

Clinical Medical Microbiology MD Fellowship, Yale University

There is an unexpected opening in the Yale Clinical Medical Microbiology Fellowship for 2009-10. The fellowship is a one year ACGME-approved program for physicians board certified or eligible in Clinical Pathology or Infectious Diseases. The principle site is at Yale New Haven Hospital, with rotations through the VA Connecticut Medical Center and the Public Health Laboratory. The Fellowship may be taken as a one-year clinical track qualifying for Board eligibility and is also available as part of a physician-scientist track which includes an additional 2-3 years of intense research training in the laboratory of a Yale mentor. More details are available at:

<http://info.med.yale.edu/labmed/resfel/micrfel.html> . Fellowship application, letters of recommendation, and curriculum vitae should be sent to:

Microbiology Fellowship Director
Clinical Microbiology Laboratory, CB612
Yale-New Haven Hospital
New Haven, CT 06520

Or electronically to: April.Stefanovics@ynhh.org with a copy to Sheldon.Campbell@yale.edu
