

FRED HUTCHINSON CANCER RESEARCH CENTER

Faculty Position in Pathology at the Fred Hutchinson Cancer Research Center and the University of Washington

The Fred Hutchinson Cancer Research Center (FHCRC) and the University of Washington (UW) are jointly recruiting a full-time faculty member. The primary appointment will be at the Assistant, Associate or Full Member (Clinician Scholar) level at FHCRC with a joint, non-tenured appointment in the Department of Pathology at the University of Washington as an Assistant, Associate or Full Professor. University of Washington Faculty engage in teaching, research and service. The candidate must be an M.D. who is board-certified in Anatomic Pathology and prepared to engage in teaching, research and service.

The pathologist will join the Pathology Department located at the Seattle Cancer Care Alliance (SCCA) on the FHCRC campus. A major responsibility is to provide pathology expertise for large and very active programs in hematopoietic stem cell transplantation, immunotherapy for cancer, and general oncology. The other major focus will be collaborative research, and opportunities for teaching will be available.

Interested candidates should submit a curriculum vitae, three (3) reference letters, and a concise description of their training, research activities and career goals. Materials may be mailed to Pathology Search Committee, Robert C. Hackman, MD, Fred Hutchinson Cancer Research Center, 1100 Fairview Avenue North, D5-310, Seattle, Washington 98109-1024. Application review will continue until the position is filled.

The University of Washington and the Fred Hutchinson Cancer Research Center are affirmative action, equal opportunity employers, dedicated to the goal of building a culturally diverse and pluralistic faculty and staff committed to teaching and working in a multicultural environment and strongly encourage applications from women, minorities, individuals with disabilities and covered veterans.
