Translational Genetics Faculty Openings

The University of Washington invites applicants for full-time faculty positions at the rank of Assistant, Associate or full Professor (in the regular or research track) in the Division of Medical Genetics, Department of Medicine. Successful candidates will have an M.D. and/or Ph.D. and will be expected to carry out a research program in translational genomics. Candidates with a strong research background involving the identification and characterization of disease genes, or the application of genetic/genomic information toward the diagnosis or treatment of human disease, are especially encouraged to apply. Successful candidates will have opportunities to collaborate with other outstanding members of the faculty, and will have access to state-of-the-art research facilities and clinical research programs. The positions will remain open until filled.
