

Division of Medical Genetics
Department of Medicine
University of Washington
2009-2010
Fridays, 12:30-1:30 pm, K-069 Health Sciences

- Oct 2 Michael Fry, PhD
Professor, Rappaport Faculty of Medicine
Technion - Israel Institute of Technology
Haifa, Israel
- "Fragile X Associated Tremor Ataxia Syndrome (FXTAS): Molecular Mechanism and Potential Therapy"
- Oct 9 ASHG Practice Seminars:
Stephan J. Guyenet, Ph.D.
Postdoctoral fellow
Department of Biochemistry, Laboratory of Dr. Brian Kennedy
University of Washington
- "The yeast Ataxin-7 ortholog regulates lifespan through chromatin modification pathways, linking the mechanisms of aging and neurodegeneration".
- Oct 16 ASHG Practice Seminars:
- Elisabeth Rosenthal, Ph.D.
Senior Fellow, Medical Genetics
- "Identification of Multiple Functional PLTP locus SNPs and their effects on linkage evidence for other chromosomes"
- Diane Dickel
Graduate Student, Genome Sciences
Laboratory of Dr. Mary-Claire King
- Oct 23 No Seminar- ASHG Meeting
- Oct 30 No Seminar- Medical Genetics faculty meeting
- Nov 6 No Seminar- Medical Genetics Clinic 50th Anniversary

Nov 13 Mitzi Murray, M.D.
Resident, Medical Genetics

Nov 20 David Crosslin, Ph.D.

Nov 27 No Seminar- holiday

Dec 4 Jeffrey Chamberlain, Ph.D.
McCaw Chair in Muscular Dystrophy
Professor, Depts. of Neurology, Medicine and Biochemistry

Dec 11 Tom Walsh, Ph.D.
Research Assistant Professor, Medical Genetics

Dec 18 Patrick Navas, Ph.D.
Research Assistant Professor, Medical Genetics

Dec 25 No Seminar

Jan 1 No Seminar

Jan 8 Fuki Hisama, M.D.
Associate Professor, Medical Genetics
