

# FAMED 527: Inter-professional Care of Urban Underserved Patients

1-credit course for  
social work AND medical students!

**Thursdays 5:30-6:50pm**  
**Health Sciences E-214**

**Session topics:**

- Food and Transportation
- Insurance Status
- Immigration Status
- Mental Health and Disability
- Housing
- Addiction

## Join us!

In this course, medical and social work students will work together to develop care plans for complex patients. Each session will feature an MSW and an MD discussing their approach to inter-professional care and strategies for addressing health disparities and barriers to care.
