

OBSTETRICS & GYNECOLOGY

University of Washington Medical Center

Dear Student,

We would like to welcome you to your Obstetrics and Gynecology Basic Clerkship. During this six week clerkship you will have the opportunity to apply and increase your knowledge in both clinical and didactic settings. Most faculty members at our sites enjoy teaching, especially on a one-to-one basis. We hope you will take advantage of their expertise by alert and interested, as well as pleasantly assertive.

Your orientation will take place in Sandpoint, ID on the first morning of the rotation at 8:00AM. Please report to Labor and Delivery at Bonner General Hospital. The hospital is located next door to the clinic between Second and Third Avenues. Labor and Delivery is located on the second floor in the south wing of the hospital. You should review pelvic anatomy before the orientation, as well as read the web based Student Course Guide. You will find the web based Course Guide especially useful because it contains a description of the clerkship, course requirements, and an explanation of the evaluation instruments. The Guide also includes the required topics for course reading. It will be to your benefit to be familiar with all the topics listed, through experience or through reading.

Your rotation schedule will be given to you during orientation at the site. You will need your black bag of instruments for clinic.

Complete, up-to-date clerkship and schedule information is available online at:
www.obgyn.uwmedicine.org/clerkship
