COLLEGE ASSISTANCE MIGRANT PROGRAM (CAMP)

STUDENT HANDBOOK

Welcome!

We look forward to providing a quality program to help you achieve your dreams of obtaining a college education.

This handbook will answer many questions about the operation of the College Assistance Migrant Program (CAMP) at University of Washington (UW).

UW CAMP is one of approximately 41 programs nationwide that help dependents of migrant or seasonal farm workers pursue a two or four year degree. CAMP is a program funded by a grant from the U.S. Department of Education that provides entering first-year students a wide variety of support through intensive advising, tutoring and mentoring to help students succeed in school. CAMP also offers financial support to qualified students, as well as assists students in finding jobs, federal financial aid, and scholarships to finance the remainder of their college education. The CAMP program also provides continuing support on a limited basis to students beyond their first year at UW.

Two important goals for the CAMP Program and its participants are:

1. For CAMP students to gain the necessary tools and skills to achieve academic success at the UW.
2. CAMP students will pursue and obtain a degree from the UW.

CRITERIA FOR ELIGIBILITY TO PARTICIPATE IN THE CAMP PROGRAM

CAMP Participant must meet one of the following conditions:

- An individual qualifies for CAMP if he/she has been a seasonal or migrant farm worker or is a dependent of one, in the areas of agriculture, dairy farms, fishery, or forestry for at least 75 days within the last two years. A person using this method can qualify through themselves if they are self-supporting for the period in which the farm work was performed. If a person is not self-supporting, then at least one parent must have worked a minimum of 75 days, but on a seasonal basis.

- A person can also qualify if they have a Certificate of Eligibility (COE) under Chapter 1 of the Migrant Education Program. These programs are run through the
high schools and elementary schools. Programs are administered by the home school coordinators.

- A person can qualify through the Workforce Investment Act (WIA) Section 167 formerly known as the Job Training and Placement Act (JTPA) Section 402. The WIA program is coordinated by the migrant councils.

**IN ADDITION, TO QUALIFY FOR CAMP, THE APPLICANT MUST:**
1. Have a high school diploma or GED.
2. Be a U.S. Citizen or Permanent Resident of the U.S.
3. Qualify for Financial Aid (Loans, grants, etc.)

**SERVICES PROVIDED BY CAMP**

**CAMP Program Participation**

CAMP students may be asked to withdraw from the program for violation of any portion of the CAMP contract to be signed at the CAMP Orientation. All CAMP Students MUST:

- Be a full-time student (a full-time student is considered to be someone who takes a minimum of 12 quarter credit hours).
- Attend the following:
  1. Minimum of (2) hours of study tables per week
  2. Minimum of (2) hours of Instructional Center (IC) per week
  3. All required individual meetings with CAMP staff (academic advising and counseling)
4. **Monthly Meetings**

- Submit mandatory Academic Progress Forms twice a quarter
- Maintain a cumulative Grade Point Average (GPA) of 2.5
- Enroll and participate in the CAMP seminars specifically for CAMP students
- Follow all policies of the University of Washington and CAMP.

*Failure to meet any of these requirements can result in dismissal from the program!!*

**DISCIPLINARY ACTION**

It is CAMP’s philosophy that students choose to abide by all rules and regulations established by the program and University of Washington. This is essential to the success of all of the students we serve. If a student chooses not to abide by all rules and regulations they have chosen to have their participation in CAMP be evaluated by its staff. This could result in the end of program participation. An individual’s status in CAMP will be ultimately decided by the CAMP Director.

**DRUG FREE /ALCOHOL FREE PROGRAM**

CAMP is a drug-free, alcohol free program. Violators of the University’s alcohol and drug regulations are subject to withdrawal from the program. Below is the website to the UW’s alcohol and drug policy:

**MEETING CAMP SEMINAR EXPECTATIONS**

College students assume responsibility for their own education. Instructors and professors expect students to attend class regularly, participate fully in class activities, prepare completely for class, submit assignments promptly, and be present for all exams. It is very important to attend all classes. The only exceptions should be in cases of serious illness or other emergencies. Absences not only cause the student to miss valuable information, but result in the lowering of the student’s grade or even failure in the class, especially when participation is part of the grade. To reduce the effect of necessary absences, students should call or email the instructor, if possible, before missing class or at least as soon as possible afterward. They should make arrangements to make up exams or assignments and make copies of any class notes from a fellow student. Students must also report to CAMP staff if they are going to miss any classes or scheduled CAMP activities.
**ACADEMIC STANDING**

**Academic Suspension:** A student who has been on probation is placed on suspension when their quarterly GPA fails to rise above a 2.0 from the previous quarter. If their cumulative GPA is above a 2.0, they will remain on academic probation.

There is a lengthy appeal process involved once placed on academic suspension. Continuing enrollment may be denied to the individual.

If a CAMP student’s academic performance begins to drop then the following actions may be incurred.*

- Academic Support Group (ASG)
- Increased mandatory study table hours
- Increased mandatory one on one tutoring at the IC
- Increased advising meetings
- Weekly progress reports signed by course instructor
- Stipends held until improvement is demonstrated

*To prevent grades from dropping, CAMP encourages students to visit professors during their office hours and discuss any concerns they may have regarding the course as soon as they arise!*

If a CAMP student’s both quarterly and cumulative GPA fall below a 2.5, he/she will be required to complete an Academic Improvement Agreement. This agreement includes increased study table hours/tutoring at the IC and increased advising meetings.
**ACADEMIC ADVISING**
Before every quarter, CAMP staff will assist students in registering for classes appropriate to the academic needs of each individual. Students are to meet with CAMP staff during pre-registration advising week for assistance. All students will be notified prior to pre-registration advising week and asked to sign up for individual or group appointments. To make appointments call the front desk at (206) 543-7132.

**COUNSELING**
The CAMP staff will assist students with academic advising and also personal counseling if needed. Academic advising includes anything related to: university regulations, financial aid, admission and registration procedures, internships/scholarship information and applications, major selection and requirements, general study strategies including time management and goal setting, current academic status, academic and financial aid appeals processes, as well as understanding the importance of developing rapport with professors.

The CAMP staff also helps students find answers to problems by connecting them with other campus departments and community services. Since personal problems impact student success, the CAMP staff may also address concerns regarding issues such as roommates, health, homesickness, feelings of insecurity or inadequacy, problems with family members, or any difficult situations at home. When a student has a more serious problem, the CAMP Program staff will make an appropriate referral to the UW Counseling Center (located in Schmitz Hall in room 401), or any other relevant agency. You can contact the UW Counseling Center at 206-543-1240.

CAMP Scholar Participation Agreement

The purpose of the College Assistance Migrant Program (CAMP) is to provide you with the necessary tools and resources to maximize your academic success within an institution of higher education. The program has two important goals: 1) help you persist through your first year of college; and 2) help you identify the appropriate resources and connect you with key faculty and staff on campus to help you graduate with a baccalaureate degree. The Program provides stipends, activities, and events to prepare CAMP Scholars to achieve success in their chosen academic endeavors. In return, we ask that you participate fully in these activities, and adhere to the guidelines and requirements described below. _Students are often asked to take part in CAMP events and serve as role models for younger students. Never underestimate your importance as a role model when you are asked to function in this capacity. You are essentially “ambassadors” of our program as well as of the university, and you can have a profound impact on young and impressionable junior high or high school students. Your attitude and demeanor should send a clear message to students of the importance of continuing their education beyond the high school level._
