Comment/Remarks: You are welcome to indicate the items on the GRUP Survey for which you cannot provide data based on your institutional situation, whose methodology is unclear, about which you have questions or comments in general, or add remarks for the data submitted.

For the purposes our financial statements we do not track research revenue. Instead we track our grants and contracts revenue, which is broken out into three categories: Federal, State and Local, and Nongovernmental revenue. We added our Federal, State, and Local grants and contracts revenue to come to our Governmental Sector Total. We then used Nongovernmental as our Derived from Industry Total.
