Completions Overview

Welcome to the IPEDS Completions survey component. The Completions component is one of several IPEDS components that is conducted during the Fall data collection period. It collects the number of degrees and certificates awarded by field of study, level of award, race/ethnicity, and gender. The reporting period for the Completions component is during the 12-month time period beginning July 1 of the previous calendar year and ending June 30 of the current calendar year; therefore, for this year's Completions component, the reporting period is between July 1, 2016 and June 30, 2017. The Completions component is also collecting the number of students (e.g., completers) who earned awards between July 1, 2016 and June 30, 2017.

Completions Common Errors

Some common completions component errors include the following:

- Including award levels on your current year Completions that were not reported on your previous year's (PY) Institutional Characteristics (IC). [Award levels in the PY IC component cannot be changed; therefore, contact the IPEDS Help Desk at 1-877-225-2568 if you need assistance.]
- Forgetting to select CIP codes for new programs of study that are offered by the institution, but do not have completions for the reporting period.
- Forgetting to enter in zero in at least one of the cells for CIP codes that do not have completions.

Recent Changes

- The following question on **distance education** has been added to the bottom of each individual "CIP Data" screen:
  "Is this program offered as a distance education program?"
- The following two screens, which collect data specifically on students were added to this component, beginning in the 2012-13 survey year:
  - "**All Completers**" - Collects the number of students who earned an award between July 1, 2016 and June 30, 2017 by gender and race/ethnicity. (The intent of this screen is to collect an **unduplicated count** of total numbers of completers.)
  - "**Completers by Level**" - Collects the number of students who earned an award between July 1, 2016 and June 30, 2017 by award level and 1) by gender; 2) by race/ethnicity; and 3) by age.

- The definition for Post-baccalaureate Certificate has changed slightly for the 2014-15 collection. The new definition is as follows: **An award that requires completion of an organized program of study beyond the bachelor's. It is designed for persons who have completed a baccalaureate degree, but does not meet the requirements of a master's degree.**

  NOTE: Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered sub-bacalaureate undergraduate programs, and students in these programs are undergraduate students.

General Information

CIP Codes:
The CIP 2010 Website includes a list of new CIP codes, a list of deleted CIP codes, a list of moved CIP Codes, and an online crosswalk of the 2000 CIP and 2010 CIP.

The Resources Page of the CIP 2010 website contains many valuable resources including:

- CIP 2010 Manual and copies of previous editions of the CIP Manual
- Crosswalk between the 2000 CIP codes and the 2010 CIP codes in Excel format

Keep in mind that some information provided by institutions on the Completions component appear in the College Navigator, which is a major tool used by consumers searching for information about postsecondary education. It is therefore vitally important that you include accurate information about your institution.

All Completers
Institutions must report the following information. (Some data will be pre-populated from the completions by CIP code data.)

All Completers

Number of students by gender and race and ethnicity earning an award between July 1, 2016 and June 30, 2017. Count each student only once, regardless of how many awards he/she earned. The intent of this screen is to collect an unduplicated count of total numbers of *completers*.
- Report Hispanic/Latino individuals of any race as Hispanic/Latino
- Report race for non-Hispanic/Latino individuals only

The name of the preparer is being collected so that we can follow up with the appropriate person in the event that there are questions concerning the data. The Keyholder will be copied on all email correspondence to other preparers.

The time it took to prepare this component is being collected so that we can continue to improve our estimate of the reporting burden associated with IPEDS. Please include in your estimate the time it took for you to review instructions, query and search data sources, complete and review the component, and submit the data through the Data Collection System.

Thank you for your assistance.

This survey component was prepared by:

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the Data Center and sent to your institution's CEO in November 2017.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.

Source	Description	Severity	Resolved	Options
Global Edits				
Perform Edits	Your institution reported in the prior year Institutional Characteristics survey that it offers graduate distance education opportunities (courses and/or programs), but you did not respond "Yes" to the distance education program question for any CIP code (award levels 6 to 19). Please correct your data or explain if your institution does not offer full programs via distance education. (Error #10587)	Explanation	Yes	
Reason:	University of Washington Tacoma does offer distance courses at the graduate level, but we do not offer any full distance program at the graduate level.			
Perform Edits	Current year completions (25) are outside the expected range when compared to completions reported in the prior year (42) for: Women, 2-digit field (3), award level (5). Please correct your data or explain. (Error #10505)	Explanation	Yes	
Reason:	The University of Washington - Tacoma offers two undergraduate programs in CIP=03: A Bachelor of Science in Environmental Science and a Bachelor of Arts in Environmental Sustainability. Enrollments in the Environmental Science program have been waning. While enrollments in the Environmental Sustainability program have been increasing, it began as a smaller program, so there is an overall decrease in degree awards in CIP=03. At a relatively small institution, the change of a single program can affect enrollments at the two-digit CIP level.			
Perform Edits	Current year completions (73) are outside the expected range when compared to completions reported in the prior year (40) for: Men, 2-digit field (11), award level (7). Please correct your data or explain. (Error #10504)	Explanation	Yes	
Reason:	In general, UW Tacoma has been increasing the number of degrees awarded each year. Computer science (CIP=11) has been a particular area of growth, so higher than expected degree awards come as no surprise.			
Perform Edits	Current year completions (48) are outside the expected range when compared to completions reported in the prior year (28) for: Women, 2-digit field (11), award level (7). Please correct your data or explain. (Error #10506)	Explanation	Yes	
Reason:	In general, UW Tacoma has been increasing the number of degrees awarded each year. Computer science (CIP=11) has been a particular area of growth, so higher than expected degree awards come as no surprise.			
Screen: Completers- Doctor's degrees				
Screen Entry	The total number of completers (Men + Women) reported for this award level (4) is outside the expected range when compared to the prior year value. Please correct your data or contact the IPEDS Help Desk for assistance. (Error #10584)	Explanation	Yes	
Reason:	The University of Washington, Tacoma has only one doctoral program. That program admitted students in the fall of 2013, and the majority of those students graduated last year. They did not admit more students into the program until fall of 2016, so there will be a lag for a few years until we award as many degrees as we did last year.
