### Overview

#### IPEDS Student Financial Aid Component Overview Public Academic Reporters

Welcome to the Student Financial Aid (SFA) component of the U.S. Department of Education's Integrated Postsecondary Education Data System (IPEDS). The purpose of the SFA component is to collect information about financial aid provided to various groups of undergraduate students at your institution.

#### Changes to This Year's SFA Component

- Revisions to Cost of Attendance used to calculate the Net Price of Attendance can now be made in this component.

#### Data Reporting Reminders

##### Groups

Throughout this component, you will be asked to report information for different groups of students.

- **Group 1:** All undergraduate students
- **Group 2:** Of Group 1, full-time, first-time degree/certificate-seeking students
- **Group 3:** Of Group 2, students who paid the in-state/in-district tuition rate and were awarded any grant/scholarship aid from the federal government, state/local government, or the institution
- **Group 4:** Of Group 2, students who paid the in-state/in-district tuition rate and were awarded any Title IV federal student aid

#### College Affordability and Transparency Lists

Net price amounts calculated in SFA will be used to populate the Department's College Affordability and Transparency lists.

#### Interactive Edits and Error Messages

SFA contains interactive edits that will check for blank fields, invalid values, or values that fall outside expected ranges. Some error messages will require you to confirm or explain the values that you entered. Some error messages are fatal and will require you to contact the IPEDS Help Desk at 1-877-225-2568 for resolution.

#### Context Boxes

You will find optional text boxes throughout SFA. Context boxes allow you to provide more information about the data you enter. Some of these context boxes may be made available to the public on College Navigator, so make sure that the information you enter can be understood easily by students, parents, and the general public.

## Screen: Part C, Page 2 - Enter Information about Group 2

Screen Entry	Based on the data reported, the average amount of state/local government grant or scholarship aid awarded to Group 2 students is larger than expected. Please correct your data or contact the IPEDS Help Desk for assistance. (Error #7107)	Fatal	Yes	
Reason:	Overridden by administrator. This is due to the WA State Need Grant maximum increasing substantially in 12-13. JLM			
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 7,736 and 11,604 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason:	This increase is based in part on the increase in tuition. In the 2012-13 school year, resident tuition increased by 16%. In addition, the average value of the Washington State Need Grant, the largest state grant program, increased by 22% partly because the maximum grant increased, and partly because fewer students received funding.			
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 4,178 and 6,266 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason:	The number of students who are borrowing through private loan programs is so small, that averages are going to be more volatile than would be expected.			
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 280 and 420 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason:	The majority of these grants are SEOG awards. In order to award them to all Pell students in a time when we have more Pell recipients but no additional SEOG, the average award has been reduced.			
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 6,041 and 9,061 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason:	The increase is accurate. This campus is continues to actively work to increase enrollment, and as costs increase, so does the University's commitment to maintain access by increasing available aid.
