

## Overview

### IPEDS Student Financial Aid Component Overview Public Academic Reporters

Welcome to the Student Financial Aid (SFA) component. The purpose of the SFA component is to collect information about financial aid provided to various groups of undergraduate students and military/veteran educational benefits for all students at your institution.

#### Changes to This Year's SFA Component

- New questions on military/veteran/eligible dependent students receiving benefits have been added. Total number and amount will be asked for both undergraduate and graduate students. Please work with your institutional representative who certifies such benefits. They may not be associated with the student financial aid office.

#### Data Reporting Reminders

##### Undergraduate Student Groups

You will be asked to report information for different groups of students.

- **Group 1:** All undergraduate students
- **Group 2:** Of Group 1, full-time, first-time degree/certificate-seeking students
- **Group 3:** Of Group 2, students who paid the in-state/in-district tuition rate and were awarded any grant/scholarship aid from the federal government, state/local government, or the institution
- **Group 4:** Of Group 2, students who paid the in-state/in-district tuition rate and were awarded any Title IV federal student aid

##### COA Revisions

Revisions to Cost of Attendance used to calculate the net price of attendance can be made in this component.

Consult the instructions and screens to make sure you are reporting the correct aid amounts for the correct groups of students.

##### College Affordability and Transparency Lists

Net price amounts calculated in SFA will be used to populate the Department's College Affordability and Transparency lists.

##### Interactive Edits and Error Messages

SFA contains interactive edits that will check for blank fields, invalid values, or values that fall outside expected ranges. Some error messages will require you to confirm or explain the values that you entered. Some error messages are fatal and will require you to contact the IPEDS Help Desk at 1-877-225-2568 for resolution.

##### Context Boxes

You will find optional text boxes throughout SFA. Context boxes allow you to provide more information about the data you enter. Some of these context boxes may be made available to the public on College Navigator, so make sure that the information you enter can be understood easily by students, parents, and the general public.

**Section 1: Comparison Chart****Comparison Chart**

Based on the information reported on the previous screens for Group 1 (all undergraduates) and Group 2 (full-time, first-time degree/certificate-seeking undergraduates), this comparison chart seeks to help institutions check their reported data. Assuming that the information on Groups 1 and 2 are correct, then the calculated fields for 'All Other Undergraduates' should be the balance (Group 1 minus Group 2). If the balance does not check with your institution's calculations, please correct your reported numbers for Groups 1 and 2 before moving forward with the completion of the SFA survey component.

**Note:** Data for the 'All Other Undergraduates' will appear in the IPEDS Data Center for data users, but not in College Navigator.

**Summary****IPEDS Student Financial Aid (SFA) Survey Summary**

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the [Data Center](#) and sent to your institution's CEO in November 2015.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or [ipedshelp@rti.org](mailto:ipedshelp@rti.org).

## Student Financial Aid

## University of Washington-Bothell Campus (377555)

Source	Description	Severity	Resolved	Options
<b>Screen: Part C, Page 2 - Enter Information about Group 2</b>				
Screen Entry	Based on the data reported, the average amount of state/local government grant or scholarship aid awarded to Group 2 students is larger than expected. Please correct your data or contact the IPEDS Help Desk for assistance. (Error #7107)	Fatal	Yes	
Reason:	Overridden by administrator. Students qualified for large amounts of need-based aid from the Washington State Need Grant. That covers a large portion of the tuition. JMP			
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 156 and 232 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason:	Most of the funds in this category are SEOG. This is a relatively small fund that must be split between all Pell Grant recipients, making awarding and spending complicated, and award amounts more volatile.			
<b>Screen: Cost of Attendance</b>				
Screen Entry	This value is expected to be within 20% of the prior year amount. Please correct your data or explain. (Error #7239)	Explanation	Yes	
Reason:	This is just a correction to the prior year figure, reducing it from 3,789 to 3,561.

Reason:	This is just a correction to the prior year figure, reducing it from 3,789 to 3,561.			
<b>Screen: Part D - Enter Information about Group 3</b>				
Screen Entry	The number of Group 3 students reported in Part A (line 03) and the total amount of grant or scholarship aid these students were awarded reported in Part D (line 02) makes the calculated average amount of aid awarded to Group 3 students in Part D, line 03 outside the expected range when compared with the prior year value. Please correct your data or contact the IPEDS Help Desk for assistance. (Error #7151)	Fatal	Yes	
Reason:	Overridden by administrator. Students qualified for large amounts of need-based aid from the Washington State Need Grant. That covers a large portion of the tuition. JMP			
Screen Entry	The number entered is outside the expected range of between 66 and 122 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason:	Housing at the UW Bothell is fairly limited. For the 2013-14 school year, the proportion of continuing students who remained in the dorms increased, leaving fewer beds for incoming students.			
Screen Entry	The number entered is outside the expected range of between 60 and 110 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason:	The FTFY population of commuter students is growing on this campus.			
<b>Screen: Part E - Enter Information about Group 4</b>				
Screen Entry	The number entered is outside the expected range of between 68 and 124 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason:	The UW Bothell campus housing is relatively limited, and in the reporting year, a larger number of continuing students remained in the dorms, limiting capacity for incoming FTFY students.			
Screen Entry	The number entered is outside the expected range of between 65 and 119 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason:	During the reporting year, FTFY growth was stronger amongst students who were able to commute from home, and campus housing had less capacity.			
Screen Entry	The total amount of grant or scholarship aid awarded to Group 4 students from the federal government, state/local government, or the institution across all income levels is outside the expected range of between 2,015,600 and 3,359,332 based on the prior year value. Please correct your data or explain. (Error #7332)	Explanation	Yes	
Reason:	Figures are correct. This campus has increased incoming freshman enrollment from Aut 2011 to Aut 2012. In addition, the University increased its dollars available for need-based aid in response to a significant increase in tuition. This is the same explanation entered for the same edit last year.			

Screen Entry	The calculated average amount of grant or scholarship aid awarded to Group 4 students from the federal government, state/local government, or the institution for this income level is smaller than expected in comparison with the other income levels. Please check the values reported for the number of these students who were awarded any Title IV aid (Col. 1) and the total amount of grant or scholarship aid awarded to them (Col. 3) and correct your data or explain the discrepancy. (Error #7317)	Explanation	Yes	
Reason:	Although unexpected, the figures are correct. Because the numbers of students in the referenced categories are small, variations in awarding priorities and policies can appear over-represented in these numbers.
