Section 1: Comparison Chart

Comparison Chart

Based on the information reported on the previous screens for Group 1 (all undergraduates) and Group 2 (full-time, first-time degree/certificate-seeking undergraduates), this comparison chart seeks to help institutions check their reported data. Assuming that the information on Groups 1 and 2 are correct, then the calculated fields for 'All Other Undergraduates' should be the balance (Group 1 minus Group 2). If the balance does not check with your institution's calculations, please correct your reported numbers for Groups 1 and 2 before moving forward with the completion of the SFA survey component.

Note: Data for the 'All Other Undergraduates' will appear in the IPEDS Data Center for data users, but not in College Navigator.

Summary**IPEDS Student Financial Aid (SFA) Survey Summary**

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the [Data Center](#) and sent to your institution's CEO in November 2017.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.

Student Financial Aid

University of Washington-Bothell Campus (377555)

Source	Description	Severity	Resolved	Options
Screen: Part C, Page 2 - Enter Information about Group 2				
Screen Entry	Based on the data reported, the average amount of state/local government grant or scholarship aid awarded to Group 2 students is larger than expected. Please correct your data or contact the IPEDS Help Desk for assistance. (Error #7107)	Fatal	Yes	
Reason:	Overridden by administrator. This inst offers the Washington State need-grant and the Washington State College-Bound scholarship and the Washington State Opportunity grant. ALB			
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 12,093 and 18,139 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason:	The number of students being awarded this type of aid is sufficiently small that fluctuations of the average amount between years is expected. The value is correct.			
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 8,103 and 12,153 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason:	There are two reasons for the downward shift. First, overall tuition and fees for resident undergraduates decreased by a bit more than 9%, and all tuition-based aid decreased accordingly. In addition, one program, College Bound, which includes both state and private funds, was reclassified in our system from being considered a state grant to being considered a private grant. This means that some grant aid moved from being considered institutional aid to being considered private aid.			
Screen: Cost of Attendance				
Screen Entry	This value is expected to be within 25% of the prior year amount. Please correct your data or explain. (Error #7238)	Explanation	Yes	
Reason:	The University of Washington adjusted the amount in the student budget for books and supplies as of 2016-17, as it was found, after study, that students were spending less than had been the case previously			
Screen: Part D - Enter Information about Group 3				
Screen Entry	The number entered is outside the expected range of between 110 and 204 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason:	UW Bothell increased the size of its entering resident FTY class substantially (by 23%). While UW Bothell has been increasing its nonresident enrollments, it is still the case that the bulk of incoming students are local. UW Bothell was not able to have sufficient housing available to accommodate the enrollment growth. The result was that many of the added local students ended up living at home with family.			
Screen: Part E - Enter Information about Group 4				
Screen Entry	The calculated average amount of grant or scholarship aid awarded to Group 4 students from the federal government, state/local government, or the institution for this income level is smaller than expected in comparison with the other income levels. Please check the values reported for the number of these students who were awarded any Title IV aid (Col. 1) and the total amount of grant or scholarship aid awarded to them (Col. 3) and correct your data or explain the discrepancy. (Error #7317)	Explanation	Yes	
Reason:	This number is correct. Because of the relatively small size of these groups, a few atypical awards can have a larger than expected impact.

Screen: Military Servicemembers and Veteran's Benefits				
Screen Entry	This value is out of range compared to the prior year amount. Please correct your data or explain. (Error #7265)	Explanation	Yes	
Reason:	Year to year variations are expected to be dramatic for these values. Last year, there were only two students receiving this benefit. This year there were four, but each student was only enrolled for one quarter, so each student only received a quarter's worth of benefits.
