**Section 1: Comparison Chart****Comparison Chart**

Based on the information reported on the previous screens for Group 1 (all undergraduates) and Group 2 (full-time, first-time degree/certificate-seeking undergraduates), this comparison chart seeks to help institutions check their reported data. Assuming that the information on Groups 1 and 2 are correct, then the calculated fields for 'All Other Undergraduates' should be the balance (Group 1 minus Group 2). If the balance does not check with your institution's calculations, please correct your reported numbers for Groups 1 and 2 before moving forward with the completion of the SFA survey component.

**Note:** Data for the 'All Other Undergraduates' will appear in the IPEDS Data Center for data users, but not in College Navigator.

**Summary****IPEDS Student Financial Aid (SFA) Survey Summary**

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the [Data Center](#) and sent to your institution's CEO in November 2017.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or [ipedshelp@rti.org](mailto:ipedshelp@rti.org).

<b>Screen: Part C, Page 2 - Enter Information about Group 2</b>				
Screen Entry	Based on the data reported, the average amount of state/local government grant or scholarship aid awarded to Group 2 students is larger than expected. Please correct your data or contact the IPEDS Help Desk for assistance. (Error #7107)	Fatal	Yes	
Reason:	Overridden by administrator. This inst offers the Washington State need-grant and the Washington State College-Bound scholarship and the Washington State Opportunity grant. ALB			
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 7,934 and 11,900 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason:	There are two reasons for the downward shift. First, overall tuition and fees for resident undergraduates decreased by a bit more than 9%, and all tuition-based aid decreased accordingly. In addition, one program, College Bound, which includes both state and private funds, was reclassified in our system from being considered a state grant to being considered a private grant. This means that some grant aid moved from being considered institutional aid to being considered private aid.			
<b>Screen: Cost of Attendance</b>				
Screen Entry	This value is expected to be within 25% of the prior year amount. Please correct your data or explain. (Error #7238)	Explanation	Yes	
Reason:	The University of Washington adjusted the amount in the student budget for books and supplies as of 2016-17, as it was found, after study, that students were spending less than had been the case previously			
<b>Screen: Part D - Enter Information about Group 3</b>				
Screen Entry	The number entered is outside the expected range of between 31 and 57 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason:	University of Washington Tacoma had more housing available for students in 2016-17 than in prior years.			
<b>Screen: Part E - Enter Information about Group 4</b>				
Screen Entry	The number entered is outside the expected range of between 29 and 53 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason:	University of Washington Tacoma had more housing available for students in 2016-17 than in prior years.			
Screen Entry	The number entered is outside the expected range of between 72 and 132 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason:	University of Washington Tacoma had more housing available for students in 2016-17 than in prior years. This, in combination with a drop in the number of students in Group 4 led to fewer students living at home.			
Perform Edits	The average amount of aid per grant/scholarship awardee (15,272.54) for 2016-17 in the "\$0-30,000" income group is larger than expected based on the cost of attendance. Please review your data and make any necessary corrections or explain the discrepancy. (Error #7388)	Explanation	Yes	
Reason:	This value is correct. At the University of Washington, in addition to institutional and federal funds, there is a "State Need Grant" available. This grant can cover most of a student's tuition. This increases aid available to students. Because of this, we usually also get an error on the amount of per-student state aid we report.			
Perform Edits	The average amount of aid per grant/scholarship awardee (15,378.22) for 2016-17 in the "\$30,001-48,000" income group is larger than expected based on the cost of attendance. Please review your data and make any necessary corrections or explain the discrepancy. (Error #7389)	Explanation	Yes	
Reason:	This value is correct. At the University of Washington, in addition to institutional and federal funds, there is a "State Need Grant" available. This grant can cover most of a student's tuition. This increases aid available to students. Because of this, we usually also get an error on the amount of per-student state aid we report.			
Screen Entry	The calculated average amount of grant or scholarship aid awarded to Group 4 students from the federal government, state/local government, or the institution for this income level is smaller than expected in comparison with the other income levels. Please check the values reported for the number of these students who were awarded any Title IV aid (Col. 1) and the total amount of grant or scholarship aid awarded to them (Col. 3) and correct your data or explain the discrepancy. (Error #7317)	Explanation	Yes	
Reason:	The average grant here is correct. On this campus, it is sometimes the case that lower income student are more likely to be part-time during part of the year, or to live at home, having lower costs. This results in lower average grants. The same thing happened in 2014-15.			
Perform Edits	The average amount of aid per grant/scholarship awardee (16,868.78) for 2015-16 in the "\$0-30,000" income group is larger than expected based on the cost of attendance. Please review your data and make any necessary corrections or explain the discrepancy. (Error #7383)	Explanation	Yes	
Reason:	This is the value reported last year and is correct. Note that it is only \$1,400 higher than the value reported for 2014-15. The number of students in these categories is sufficiently small that a few large awards can swing the average award amount. Moreover, Washington State has a fairly large State Need Grant available that ends up making average grant/scholarship packages greater than is tolerated by the IPEDS error-checking system.			
Screen Entry	The calculated average amount of grant or scholarship aid awarded to Group 4 students from the federal government, state/local government, or the institution for this income level is smaller than expected in comparison with the other income levels. Please check the values reported for the number of these students who were awarded any Title IV aid (Col. 1) and the total amount of grant or scholarship aid awarded to them (Col. 3) and correct your data or explain the discrepancy. (Error #7317)	Explanation	Yes	
Reason:	The average grant here is correct. In 2014-2015 on this campus lower income student were more likely to be part-time during part of the year, or to live at home, having lower costs. This results in lower average grants
