## Overview

### IPEDS Student Financial Aid Component Overview

#### Public Academic Reporters

Welcome to the Student Financial Aid (SFA) component of the U.S. Department of Education's Integrated Postsecondary Education Data System (IPEDS). The purpose of the SFA component is to collect information about financial aid provided to various groups of undergraduate students at your institution.

#### Changes to This Year's SFA Component

- Only one year of data will be collected for existing institutions. New institutions will need to report multiple years of data. Changes to prior years of data must be made in the Prior Year Revision System.
- SFA is now part of the Winter collection. The Winter collection will close for keyholders on February 6, 2013.
- In Part E (data for Group 4), Column 2 has been revised for clarity. It now more clearly matches with the data in Column 3.

#### Data Reporting Reminders

##### Groups

Throughout this component, you will be asked to report information for different groups of students.

- **Group 1:** All undergraduate students
- **Group 2:** Of Group 1, full-time, first-time degree/certificate-seeking students
- **Group 3:** Of Group 2, students who paid the in-state/in-district tuition rate and were awarded any grant/scholarship aid from the federal government, state/local government, or the institution
- **Group 4:** Of Group 2, students who paid the in-state/in-district tuition rate and were awarded any Title IV federal student aid

Consult the instructions and screens to make sure you are reporting the correct aid amounts for the correct groups of students.

#### College Affordability and Transparency Lists

Net price amounts calculated in SFA will be used to populate the Department's College Affordability and Transparency lists.

#### Interactive Edits and Error Messages

SFA contains interactive edits that will check for blank fields, invalid values, or values that fall outside expected ranges. Some error messages will require you to confirm or explain the values that you entered. Some error messages are fatal and will require you to contact the IPEDS Help Desk at 1-877-225-2568 for resolution.

#### Context Boxes

You will find optional text boxes throughout SFA. Context boxes allow you to provide more information about the data you enter. Some of these context boxes may be made available to the public on College Navigator, so make sure that the information you enter can be understood easily by students, parents, and the general public.

**Summary****IPEDS Student Financial Aid (SFA) Survey Summary**

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the ExPT and sent to your institution's CEO in November 2013.

| <b>Screen: Part C, Page 2 - Enter Information about Group 2</b> |  |             |          |         |
| Screen Entry  | The average amount of state/local government grant or scholarship aid (8,450) is larger than expected. Please fix. (Error #7107)   | Fatal       | Yes      |         |
| Reason:   | Overridden by administrator. Due to an increase in tuition the state increased need based grant aid to students. jlm   |             |          |         |
| Screen Entry  | The average amount of this type of aid awarded to Group 2 students (10,350) is outside the expected range of between 5,032 and 7,546 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and fix or explain the discrepant values. (Error #7147) | Explanation | Yes      |         |
| Reason:   | Between the 2010-11 and 2011-12 academic years, the University of Washington increased tuition and mandatory fees for undergrad residents by 20%. To remain affordable, we also increased our need-based grants.   |             |          |         |
| Screen Entry  | The average amount of this type of aid awarded to Group 2 students (501) is outside the expected range of between 822 and 1,232 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and fix or explain the discrepant values. (Error #7147)      | Explanation | Yes      |         |
| Reason:   | This average decreased because of the ending of the ACG and SMART programs, and because the average SEOG award amount continues to decline as a limited number of dollars is split between an increasing number of Pell recipients.  |             |          |         |
| Screen Entry  | The average amount of this type of aid awarded to Group 2 students (8,450) is outside the expected range of between 4,412 and 6,616 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and fix or explain the discrepant values. (Error #7147)  | Explanation | Yes      |         |
| Reason:   | The bulk of the funds reported on this line comes from the Washington State Need Grant. The average award increased in part due to a significant increase in the maximum grant amount, and the reduction in the number of students awarded for less than that maximum.   |             |          |         |
| <b>Screen: Part D - Enter Information about Group 3</b>         |  |             |          |         |
| Screen Entry  | The number entered (477) is outside the expected range of between 244 and 452 when compared with the prior year value. Please explain. (Error #7169)   | Explanation | Yes      |         |
| Reason:   | With an increase in enrollment, and not enough on-campus housing capacity to accomodate them, there was a slight increase in the number of students who chose to live off campus.  |             |          |         |
