**Student to Faculty Ratio: (CDS I-2)** Report the Fall 2013 ratio of full-time equivalent students (full-time plus 1/3 part time) to full-time equivalent instructional faculty (full time plus 1/3 part time). In the ratio calculations, exclude both faculty and students in stand-alone graduate or professional programs such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate level students. Do not count undergraduate or graduate student teaching assistants as faculty.

306. Fall 2013 student to faculty ratio:  to 1 (based on  students and  faculty)

307. Fall 2012 student to faculty ratio (provided for your reference):  to 1

**Undergraduate Class Size (CDS I-3):** In the table below, please use the following definitions to report information about the size of class sections offered in the Fall 2013 term. Fall 2012 data provided for your reference.

**Class Sections:** A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance learning classes and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, co-operative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cross-listings.

308. **Class Sections:**

### Majors and Minors offered

**Note:** Please use CIP 2010 codes in answering questions 313 and 314. When reporting majors in question 313 below, please do not list majors in conjunction with a concentration, emphasis, minor, or subject area. Concentrations, etc., may be reported in question 314.

In the box underneath the "Majors available" header, click on a CIP code to highlight the major category. This will open another box directly below which lists the sub-categories of majors (CIP codes with up to 4 digits to the right of the decimal place). The sub-categories are arranged by ascending CIP code number. Once you've highlighted a major (you may click and drag your mouse to highlight multiple selections), click on the right arrow in the middle column, which will move your selection to the "Majors offered" column. To undo a selection, highlight the CIP code in the "Majors offered" column and click on the left arrow. The "view only" section will only display the CIP code, not its full description.

### Programs/Services for Learning Disabled Students offered during the 2013-2014 academic year

Structured/Proactive/Comprehensive program

Program has separate admissions process and charges fees. Services go well beyond those that are legally mandated and the student is provided with a more structured environment. Low staff/student ratios. Compulsory student attendance. An advisor/advocate is made available to students.

Self-directed/decentralized services

There is no separate admissions process and eligibility for services must be established by the provision of disability documentation that meets institutional standards. Services may be coordinated through the Disability Services office and are based on need as specified by the documentation. Other offices throughout the campus may also provide services and some services offered are not mandated by laws. Students' progress is not monitored.

Compliance
