Fires, Viruses, and Floods: New Complexities in Transportation Safety

New complexities in contemporary society such as increasing prevalence of wildfires, hurricanes, and rising sea levels, along the COVID-19 pandemic have fundamentally changed how we travel. They have also presented new concerns in safety as it pertains to transportation. This webinar will highlight some of those changing issues.

NEW CHALLENGES IN SAFETY WEBINAR
OCT 21, 2020 | 11AM - 12:15PM PDT
