### ENVISIONING POST-PANDEMIC TRANSPORTATION SAFETY AND MOBILITY

Join us for the premier conference on transportation safety and mobility in the Pacific Northwest. The Region 10 Transportation Conference, hosted jointly by PacTrans and CSET, brings together public agencies, private industry, non-profit organizations, and academia to explore and discuss current state of practice, emerging technologies and technique, and critical research needs. This year's virtual conference will feature an opening event on Friday, October 15, with daily technical session webinars the following week.
