

UTC Project Information	
Project Title	Planning tools for transit managers
University	Washington State University
Principal Investigator	Danna Moore
PI Contact Information	moored@wsu.edu
Funding Source(s) and Amounts Provided (by each agency or organization)	University of Washington PacTrans \$40,000 Washington State University \$ 40,000
Total Project Cost	\$ 80,000
Agency ID or Contract Number	69A3551747110
Start and End Dates	May 16, 2020-May 15, 2022
Brief Description of Research Project	<p>Pullman Transit is the leading rural transit system throughout Washington and within the region, providing over 1.4 million rides annually. In addition to serving Pullman residents, Pullman Transit also provides contracted service to Washington State University, and Pullman Public Schools.</p> <p>Project Goals:</p> <ul style="list-style-type: none"> ☑ Develop a spatial transit demand model to empower local transit planners with the information they need to make informed transit planning decisions. ☑ Analyze the effects of crisis shocks, such as the COVID-19 pandemic, to evaluate transit system performance and provide operational guidance under extreme conditions. ☑ Identify transit service gaps to improve transit accessibility and meet community needs.

<p>Describe Implementation of Research Outcomes (or why not implemented)</p> <p>Place Any Photos Here</p>	<p>Research is being used to help guide Pullman Transit routing decisions.</p>
<p>Impacts/Benefits of Implementation (actual, or anticipated)</p>
