

Dr. Anthony Back will transition to Senior Advisor at the Cambia Palliative Care Center of Excellence starting September 1, 2020. He will continue his national work in serious illness public messaging funded by The John A Hartford Foundation and the Cambia Health Foundation, as well as his continued co-founder role with VitalTalk, and is developing new research on psychedelics. The Cambia Palliative Care Center of Excellence has benefited greatly from Tony's expertise and leadership as Co-Director for the past 6 years. We look forward to continued collaborations with him.
