Medically Vulnerable
Populations

"Research & Training to Improve Clinical Care"

Conference Presented by CHAMMP and Sponsored by:
The University of Washington School of Medicine

- Department of Psychiatry and Behavioral Sciences
- Office of Continuing Medical Education

www.uwcme.org

WHO SHOULD ATTEND

Healthcare professionals working with comorbidly ill patients with addictions, mental and medical illness, including internists, family practitioners, psychiatrists, psychologists, counselors, nurses, social workers, pharmacists and other medical specialists.

COURSE DESCRIPTION

The burden of mental illness and addictions in medically ill populations is increasing at a staggering rate. There is a need to educate healthcare providers who work with these difficult co-morbidities so that their assessment and delivery of care is optimal and likely to improve patient outcomes. This conference will focus on helping participants increase their understanding of “brief interventions”. This term refers to an initial screening/evaluation followed by a shortened treatment-related activity with psychotherapeutic elements. This conference will show how such “brief interventions” can be used with children with mental health problems, suicidal patients, elderly patients with dementia, depressed patients, and patients with stress and anxiety-related symptoms. It will also highlight techniques for “joining” with patients to facilitate this, including motivational interviewing and problem solving treatment approaches. In the course of this conference, the practitioner will improve their understanding of current research and best practices.

FEES & REGISTRATION

MD/DO/PHD	\$145.00
ALLIED HEALTHCARE	\$65.00
RESIDENTS/FELLOWS	\$25.00

The fee for this course includes catering, all instruction materials and transcript of Category 1 credit. To ensure enrollment, please complete the enclosed registration form and forward it with the appropriate tuition. Allow up to fifteen working days to receive your written confirmation of enrollment. Driving and parking instructions will be included with your registration confirmation. If you have not received written confirmation prior to your departure for the course, please contact the Continuing Medical Education office at (206) 543-9496. Continuing Medical Education will not be responsible for expenses incurred by an individual who is not confirmed and for whom space is not available at the course.

COURSE OBJECTIVES

At the conclusion of this activity, participants should be able to:

- Discuss the evidence base for using brief interventions in primary care
- Understand how to use motivation enhancement therapy to collaborate more effectively with patients on their overall care
- Assess how to approach the medical visit and possible provision of psychotropic medication for children with mental health problems
- Discuss and carry out brief approaches to managing suicidal and self-injury behaviors in primary care
- Identify ways to assess and manage dementia in geriatric patients
- Discuss how to use Problem Solving Treatment to improve quality of life in depressed patients
- Demonstrate simple evaluation and treatment skills to help manage anxiety and stress reactions in patients

ACCREDITATION

The University of Washington School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The University of Washington School of Medicine designates this educational activity for a maximum of 6.0 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

PROFESSIONAL CREDIT

Psychologists: This offering for 6.0 contact/clock hours meets the requirements for continuing education for psychologists in Washington State. The course is provided by the UW School of Medicine which qualifies as a CE program sponsor under the Washington Administrative Code, WAC 246-924-240(1).

Social Workers and Counselors: This offering for 6.0 contact/clock hours is provided by the UW School of Medicine which qualifies as a Washington State CE program sponsor under the Washington Administrative Code, WAC 246-809-610.

Other Disciplines: A certificate for 6.0 contact/clock hours will be awarded for use in documenting completion of this continuing education offering.

COURSE FACULTY
