 quiz 3

This quiz has 90 submissions. Editing a question after participants have taken the quiz will cause multiple versions of a question to be shown in the results. If the participant did not see a version of the question, "N/A" will be shown as their response. Learn more about [how results are affected](#).

Add questions or general content to your survey by selecting an item from the drop-down menu and clicking "Add". [View examples of question types](#).
