

GRE Prep

The purpose of this test prep workshop is to introduce the graduate school applicant to the structure, content, and logic of the Graduate Record Exam. We will share the test-process analysis, content review, and practice questions. We will also discuss anxiety reduction and study techniques in order to empower the student to aim to perform competitively on the GRE. Emphasis will be placed on learning appropriate timing and strategies designed to account for the changes in the format of the computerized exam.
