

THE HEART

It's one of the most important organs in your body.

And heart disease is the **number one killer** in Washington & the United States.

LET'S DO SOMETHING ABOUT IT!

Come to The Hope Heart Institute's Information Session about joining the Volunteer Outreach Committee at the University of Washington to help increase heart-health education and awareness!

We hope to see you there!

Tuesday, October 2— 4:00 to 5:00 PM
University of Washington
Savery 168

Presented by:
