

# Queering Global Health:

A critical panel discussion about improving access to quality health care for all people and communities.

Think marriage equality in Washington is the end of the long road marching toward gay rights? **Wrong!**

Health is a basic human right and it is denied to LGBTQ people around the world, including the U.S., on a daily basis.

Want to know more about some of the work being done to help provide health care for all?  
Come to “Queering Global Health” and discuss this important issue with:

**Chandan Reddy**  
(Ph.D., Associate Professor of English)

**Charlene Strong**  
(American Gay Rights Activist and Principal at LFB Advocacy Group)

**Amie Bishop**  
(MSW, MPH, Senior Program Adviser for Eastern Europe, PATH)

**Tuesday,

22nd**
