

Open House

Master of Science in Integrative Medicine Research

**Are you interested in nutrition, wellness and alternative medicine?
Would you like to conduct research that supports a healthy lifestyle?**

The National College of Natural Medicine invites you to join us and learn how this new master's degree can lead to an exciting career in research and integrative medicine.

The program combines a strong background in medical research with experience in integrative medicine.

- Affordable two-year program
- Graduate-level medical research courses
- Hands-on research experience
- Preparation for medical or graduate school

Open house: Wednesday, March 20 from 5-7 p.m.

2220 SW First Avenue, Portland, OR 97201
