

GET MEDICAL EXPERIENCE WORKING WITH EMERGENCY ROOM PHYSICIANS

Experience the exciting dynamics of medicine as a PhysAssist Scribe!
Learn valuable terminology and procedures for your future career in the medical field!

What is a PhysAssist Scribe?

Our scribes are responsible for filling out and maintaining patient charts, ordering diagnostic tests, and arranging plans for follow-up care. They also manage the physician's workflow as they see patients. This provides you with the opportunity to watch the diagnostic process firsthand, all while working beside the physician!
