

PUGET SOUND CHAPTER AMERICAN STATISTICAL ASSOCIATION

<http://depts.washington.edu/psasa/>

Dinner and Meeting

Tuesday, May 03 2005 (Tuesday)

Title: Dynamic Data Visualization

Speaker: Bruce Peterson, TeraStat

Abstract:

Graphical methods for visualizing data are important components of exploratory data analysis. Data visualizations not only promote an intuitive understanding of data but also frequently suggest further avenues of analysis. However, large multivariate data series are a challenge to visualize as many visualization tools become saturated by the quantity of data.

Computer technology has increasingly enabled the presentation of data in interactive 3D animations. My presentation will explore the use of this capability for visualization of multivariate sequential data.

Biography:

Bruce Peterson received his PhD in statistics from Oregon State University. He currently does consulting through his firm of TeraStat. A major interest is data visualization technologies. He is a past president of the Puget Sound Chapter and is currently chairing the statistical poster contest committee

LOCATION:

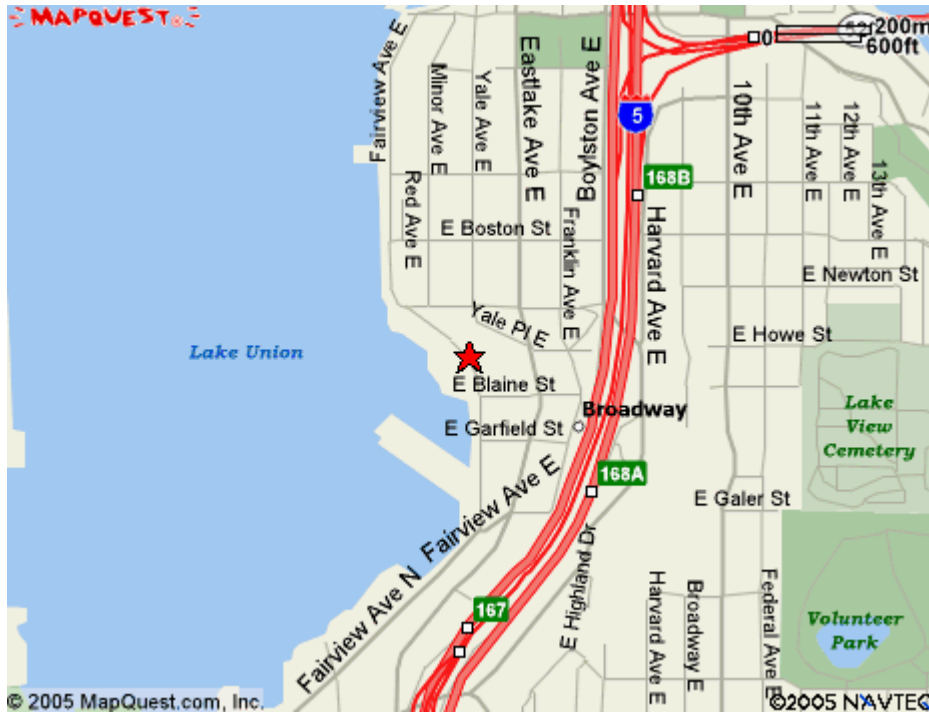

Siam on Lake Union

1880 Fairview Avenue E, Seattle, WA 98102

Phone: 206-323-8101

Festivities begin at 6:00 p.m. Dinner will be served starting at 6:30 p.m. The meal will cost \$10 for non students and \$5 for students. The meeting will start at 7:00 p.m. and last about an hour. Hope to see you there!!

If you wish to attend, please e-mail asa@stat.washington.edu or telephone Shobbo Basu, at 425-865-6826, by Monday, May 1, 2005.

Puget Sound Chapter Web Page

The web page of the Puget Sound Chapter has a lot of information on local and national statistical happenings. This page has information on chapter meetings, job listings, and information on other statistics resources. The page is at

<http://depts.stat.washington.edu/psasa/>

If you have suggestions for interesting links, notes for publication, job openings, etc, then send them to asa@stat.washington.edu.
