

SCHOLARSHIP • INNOVATION • COLLEGIALLY • RIGOR • INQUIRY • CREATIVITY

Congratulations to Ken Steinberg who was appointed as Director of the Medicine Residency program at the University of Washington this past July. Ken joined Nirmal Charan and Lakshmi in stepping down from their positions as Section Heads. Thank you to all three for their many years of leadership in the Division.

New Section Heads have been named at the three sites and I am looking forward to working with Paula Carvalho at the Boise VA, Randy Curtis at Harborview, and Rick Goodman at the Seattle VA in their new roles.

In September, we bid a fond farewell to Renee Stapleton. Renee accepted an Assistant Professor position at the University of Vermont and we wish her the best with her new position. Renee will continue to collaborate with investigators at HMC and has retained an affiliate appointment with our Division.

Chris Carlsen has accepted a position at University of British Columbia as Assistant Professor and will hold the endowed Chair of Occupational and Environmental Lung Disease. We also wish Chris the best of luck.

Barry Plant has assumed a position as Attending Pulmonologist and Consultant in Cystic Fibrosis at Cork University in Ireland. Barry will also retain an affiliate position at the UW.

I am extremely grateful to everyone who has donated to the ALAW Len Hudson Chair to date. Thank you for your support and generosity.

I hope to see many of you at the WTS meeting in Leavenworth in January.
