

## COMPANY PROFILE

Connor Engineering Solutions, LLC (CES) was established as a full service Engineering firm with specialties in Laboratory and Pharmaceutical design as well as Commissioning and Validation. Presently, CES specializes in Mechanical and Chemical Engineering with a concentration on process design with technical services supporting calibration, commissioning and validation. The firm has an established office in Atlanta, Georgia as well as a presence in Raleigh North Carolina. Our staff of 9 includes 2 registered professional engineers with active licenses in the following states; Alabama (1), Arizona (1), California (1), Florida (2), Georgia (2), North Carolina (2) and South Carolina (2).

We are active in our engineering technical societies including the American Society of Heating, Air-conditioning and Refrigeration Engineers (ASHRAE), the American Society of Mechanical Engineers (ASME), the International Society for Measurement and Control (ISA) as well as the International Society for Pharmaceutical Engineers (ISPE).

Our clients are typically Fortune 100 companies and major research institutions who require engineering services in support of facilities that are complex in nature and at times mission critical. Our list of clients is as follows:

Abbott Laboratories, Stone Mountain, Georgia  
Akzo-Nobel - Norcross, Georgia  
Altoon + Porter - Los Angeles, California  
Anheuser-Busch - Cartersville, Georgia and Ft. Collins, Colorado  
AT&T - Alpharetta, Georgia, Kansas City, Missouri and Orlando, Florida  
Abbott Laboratories - Stone Mountain, Georgia  
Bayer Corporation - Clayton, North Carolina  
Ciba Vision, Duluth, Georgia  
Élan Holdings Inc. - Gainesville, Georgia  
Élan Pharmaceutical Technologies - Athlone, Ireland  
Ethicon Endo-surgery - Cincinnati, Ohio  
Four Seasons Hotel - Atlanta, Georgia  
Georgia Board of Regents  
Georgia College and State University - Milledgeville, Georgia  
Georgia Institute of Technology - Atlanta, Georgia  
Georgia State Financing and Investment Commission - Atlanta, Georgia  
Georgia State University - Atlanta, Georgia  
Medical College of Georgia - Augusta, Georgia  
McLellan and Copenhagen - Seattle, Washington  
Lucent Technologies - Alpharetta, Georgia  
Mikart Pharmaceuticals, Atlanta, Georgia  
Noramco - Athens, Georgia  
Serologicals - Clarkston, Georgia  
University of California - Santa Barbara  
University of Georgia - Athens, Georgia  
University of Washington - Seattle, Washington  
Wyeth Vaccines, Sanford, North Carolina

## LABORATORIES

- University of AL, Birmingham, AL
  - Biomedical Laboratory Building
  - Animal Science Research Laboratory
- University of CA, Santa Barbara, CA
  - Nanosystems Laboratory & Research Institute
- University of GA, Athens, GA
  - Biocontainment Level 3 Laboratory,
  - Transgenic Laboratory Addition
  - Transgenic Poultry Facility
  - College of Veterinary Medicine - Animal resources renovation
- Science Building, Piedmont College, Demorest, GA
- Georgia State University, Atlanta, GA
  - Chemical Vapor Deposition Lab
- Georgia Institute of Technology, Atlanta, GA
  - New laser lab - Howey Physics Building
  - New Material Science Lab - MARC
  - High Purity Hydrogen Storage
- Akzo Nobel, Norcross, GA
  - Coatings Research Lab
- Piedmont College
  - Temporary lab facility
  - New Science Building
  - Martens Botanical Center
- Centers for Disease Control
  - Emerging Infectious Disease Laboratory, Ft. Collins, CO
- University of Washington, Seattle, Washington
  - BSL-3 Bio-Containment Laboratory
- National Institutes of Health - NIAID
  - Rocky Mountain Laboratories - BSL-3 and ABSL-3 facility
- University of California - San Diego
  - School of Medicine - ABSL-3 Vivarium and Barrie Facility
- British Columbia Center for Disease Control
  - Assesment of existing BSL-3 facilities for validation by HeathCanada
- Idaho Stste Public Health Laboratory - Bio-terrorism Response
  - New BSL-3 enhanced laboratories
