

FUNDING COMMITMENT SUPPORT

The mandatory cost share amount of \$8,340,000 will be provided in cash.

It is anticipated that a plan will be in place by July 1, 2005, prior to the award of this proposal, for the remaining \$31,660,000.

The University of Washington has a capital planning process in place. Due to the time constraints in responding to this RFA, some, but not all, of the steps have been completed. Please see the following page.
