### EXPLANATION OF AND RATIONALE FOR PROPOSED CHANGE

For new program, please include any relevant supporting documentation such as student learning outcomes, projected enrollments, letters of support and departmental handouts. (Use additional pages if necessary).

The department's minor requirements are outdated. This proposal for new requirements adds one additional mandatory course, a general introduction to the Chinese language from a linguistic perspective, which the department feels provides necessary context. The new minor proposal also provides greater flexibility in satisfying the "China-related humanities" requirement by permitting up to 5 credits to be satisfied by appropriate related courses outside the department.

The new proposal also performs some "housecleaning" function by updating course numbers and titles to reflect changes in the department's curriculum in recent years.

### OTHER DEPARTMENTS AFFECTED

List all departments/units/ or co-accredited programs affected by your new program or changes to your existing program and acquire the signature of the chair/director of each department/unit listed. Attach additional page(s) if necessary. \*See online instructions.
