

IRB APPROVAL OF CONVERSION APPLICATION

February 17, 2017

Dear David C Dale:

On 2/17/2017, University of Washington IRB Committee D reviewed the following application:

Type of Review:	Continuing Review - Conversion
Title of Study:	Severe Chronic Neutropenia International Registry
Investigator:	David C Dale
IRB ID:	STUDY00000996
Funding:	Name: Amgen, Inc., Grant Office ID: A98740, Funding Source ID: n/a; Name: National Institutes of Health (NIH), Grant Office ID: A94469, Funding Source ID: 5R24AI049393-11
IND, IDE, or HDE:	None

IRB Approval

With approval of this continuing review, the existing UW IRB paper application DORA #20450 has been converted into our **Zipline** e-IRB system as STUDY00000996. As a result of converting to the **Zipline** system, there may be revised approval period dates, new dates for the approval watermarks on consent forms, and other changes that are not generally part of a standard continuing review.

Under FWA #00006878, the IRB has renewed approval for your activity from 2/17/2017 to 2/16/2018.

- Your application qualified for expedited review (“minimal risk”; Category 7)

Determinations, waivers, and regulations

The IRB made the determinations and waivers listed in the table below.

Requirement	Determination or Waiver
Consent	Waived for 3 rd party subjects
Waiver of Documentation of Consent	Waived for screening/recruitment in which subjects send in Consent Form with study materials.
Involvement of children	Approved
Required elements of parental permission	One parent permission approved

Location of documents

Use the consent, parental permission, and assent forms that were approved and stamped by the IRB. They can be downloaded from the **Documents tab** in Zipline.

Thank you for your commitment to ethical and responsible research. We wish you great success!

Sincerely,

Emily Guthrie
UW HSD Assistant Director
