1. **Course description and philosophy:** Sahaptin 101 is an introduction to the reading and writing of Sahaptin Indian Language. This course will begin by teaching the student to recognize the sounds of the Yakama Practical Alphabet. Once the alphabet is learned, the course will concentrate on teaching the student to read and write the language as it is spoken. While the lessons will focus on the Yakama dialect, students will be able to transcribe dialects spoken by their family members, using the Practical Alphabet. Students will receive written handouts and/or cassette tapes for each unit. In addition to language instruction, there will be lessons on cultural mores and traditions of the Sahaptin Indian people. Basic grammar patterns will be addressed. General Education Goal 4/Item 1 will be addressed.
