

Summer Institute for Mathematics at the University of Washington

SIMUW 2021 Recommendation Form

This form is to be completed by the applicant's mathematics teacher and mailed directly to:

SIMUW
Department of Mathematics
University of Washington
Box 354350
Seattle, WA 98195-4350

Please return the form by *March 1, 2021*.

Applicant's name: _____

Teacher's name: _____

Teacher's school address: _____

Telephone: _____ E-mail: _____

Note to applicant:

Be sure to give your teacher plenty of time to write the recommendation letter. Also, supply an addressed, stamped envelope.

Note to teacher:

Getting a glimpse of the depth and beauty of mathematics can be a transforming experience for a student, whatever interests the student may intend to pursue in the future. The Summer Institute for Mathematics at the University of Washington is intended to provide talented, enthusiastic students with just such a glimpse. The mathematical topics studied are accessible, yet of sufficient sophistication to be challenging, allowing students to participate in the experience of mathematical inquiry and be immersed in the world of mathematics. The website:

<http://simuw.net>

has more information about the program.

On a separate sheet of paper, please write a letter of recommendation for the applicant. In your letter, describe how long and in what role you have known the applicant. Also, please address the following items: the applicant's interest and talent in mathematics, ability to work independently, ability to work with others, creativity, and emotional maturity.

If you wish, please feel free to send your recommendation via e-mail to

simuw@math.washington.edu.

Please make sure to include the information requested on the first page of the recommendation form.

Thank you for your help.
