

## PharmD/PhD Committee

### Charges

- 1) Evaluate and offer admission to competitive applicants qualified to enter the PharmD/PhD degree program. Note: Applicants will be first screened by the Pharm.D. Admissions Committee and the Department of Medicinal Chemistry or Department of Pharmaceutics Graduate Admissions Committee. If competitive admission is determined by both programs, the applicants will be referred to the PharmD/PhD committee for admission to the combined degree program.
- 2) Select the student(s) who will be offered scholarships under the PharmD/PhD program terms and conditions.
- 3) Review academic records on a quarterly basis to determine if the student meets the requirements for continuation in the combined degree program and whether scholarship assistance will continue for subsequent quarters.
