Instructions: Please read this consent form carefully. If you are comfortable with the contents therein, please sign this form and return it with your application materials. If you have any questions or concerns about this form, please return the application without it. Then bring this form (unsigned) to the first appointment.

Consent Form

This Service Agreement and Consent (“Agreement”) is between you and the University of Washington Speech and Hearing Clinic (“the Clinic”). This Agreement concerns: (1) your financial obligations; and (2) your consent to have recordings made of the person receiving services (the “client”) and/or the person authorizing services (the “authorizing individual”).

1. Your Financial Obligations

You are responsible for the fees for service stated on the attached face sheet. The Clinic does not directly bill insurance companies or Medicare/Medicaid. You are responsible for payment of all fees to the Clinic regardless of any such coverage. The Clinic will furnish you an itemization of services received and paid for in cases where insurance companies will reimburse for services.

The exception to the above is if you have valid medical coupons issued by the Department of Social and Health Services (DSHS). In that case, you must show a current medical coupon to verify eligibility and your clinic fees will then be waived.

Fees are subject to change without notice

2. Your Consent for Services and Recording

The services offered to individuals seen in the Clinic and its affiliated laboratories are part of the University’s education program. University of Washington faculty, staff, and students receive educational benefits from observing diagnostic, treatment, and other services offered in the University of Washington facilities.

2a. Minimum Consent:

By accepting services from the Clinic and its affiliated laboratories, you consent to observation by University of Washington faculty, staff, and students, either live, via recording or via closed circuit television when you (or the client) receive services.

2b. Additional Consent:

In addition, the University of Washington may make audio and/or video recordings of you (or the client) during such service periods to be used for the University’s educational, research or technology transfer purposes provided the name of the client or other personal identification information is not revealed. The University may use, distribute, reproduce, and display these recordings, in whole or in part and in any media now known or later developed (including the World Wide Web, television and/or CD-Rom) or may permit others to do so. Such uses may include, but are not limited to, the following:

- Viewing/listening by registered students or participants in activities conducted, sponsored or licensed by University of Washington faculty or staff.
- Viewing/listening by the general public at activities or through media sponsored or licensed by the University of Washington or its faculty or staff. (e.g. Internet/World Wide Web, University of Washington TV)
- Viewing/listening by the general public through licensed commercial enterprises for educational or research purposes, for example a CD-Rom enclosed in a textbook.

Again, if you have any questions or concerns about these uses of recordings, please bring this form (unsigned) to the first appointment to discuss alternatives.
