

Minutes, CSS Undergrad Committee, May 11 2011

8:45a-10:25 CP 206C. Attending: Fowler, Harris, Tenenberg (Chair), Friedman, Jeffrey, Zimmerman, Chinn, Sheng, Mayer, Alden, Goda.

- Minutes were approved for April 6, 2012.
- The committee voted to drop "Fulfillment of General University Requirements" from the admissions requirements for the CSS majors.
- The committee discussed the equivalency table between the Institute's TCSS 142, 143, and 321 courses and those of partner community colleges that we were recently sent. We decided to use this table as the basis for a discussion with our colleagues at the community colleges when we meet next week (May 18). Based on that discussion we will determine next steps at our May 25 meeting.
- We approved the model syllabi for the following TCSS courses: 430, 431, 435, 440, 452, 458, 480, 491.
- We determined the next meeting agenda for May 25.
