Alcohol

Following is a summary of the University’s policies on serving and selling alcoholic beverages and for alcohol sponsorships. Before applying for a banquet permit or special occasion license from the Washington State Liquor Control Board (WSLCB), an Alcohol Service Request (ASR) must be submitted by the student applicant and approved by the Use of University Facilities Committee (UUFC) through the Office of Special Programs (OSP).

SAO Sponsorship for Alcohol Service

The Student Activities Office may serve as the University sponsor for RSO, ASUW, or GPSS events that involve alcohol service. Students are required to meet with a student activities adviser to determine event, UUF, and alcohol service requirements before sponsorship approval is granted.

Serving Alcoholic Beverages on Campus

Alcoholic beverages may be served or sold at on-campus events if appropriate procedures and laws are followed. Serving alcohol on campus requires an approved ASR from the OSP and either an approved Banquet Permit or Special Occasion License from the WSLCB. Only RSO officers and ASUW/GPSS officials who are 21 or older may apply for alcohol service approval for a campus event.

The ASUW Student Senate is comprised of students from campus organizations, living groups, and students chosen from the campus at-large. Every week the ASUW Student Senate gathers to discuss issues important to students at the UW and establish resolutions of student opinion. These resolutions help guide ASUW elected leaders and dedicated volunteers as they represent students on Shared Governance Committees. Students are welcome to submit legislation for the Senate to debate, and while only Senators may vote, there are openings available for students interested in serving a term as a Senator.

Senate meetings are typically held on Tuesday nights at 5pm in Gowen Hall [see map].

Chalk may not be used on brick, stone or marble walkways or any vertical surfaces (i.e., building walls, poles, public art, stairways, fences, etc.). The RSO name must be included in all chalked announcements.

Student organizations may be disciplined and/or fined for violations of this policy. Fines will be levied based on the labor and materials needed to remove chalk by the UW Facilities Maintenance staff. Student organizations will be notified about chalking violations according to the [Conduct & Discipline Policy](#).
Conduct & Discipline

Student Organization Disciplinary Procedures

Through their formation and registration, Registered Student Organizations (RSOs) are members of the UW community. With this membership come both benefits and responsibilities. The UW Student Conduct Code forms the basis for the behavioral expectations in the UW community.

Alleged violations of this Handbook by an RSO will be adjudicated primarily by the Student Activities Office, or in the case of individual students, the matter will be referred to Community Standards and Student Conduct. Alleged violations committed by Panhellenic or Interfraternity Council (IFC) organizations will be referred to the Office of Fraternity and Sorority Life.

In attempting to resolve any infractions, the primary intent of the accountability process will be to educate members of the organization, while holding them accountable for any violations allegedly committed. Furthermore, it is the desire of the Student Activities Office to promote critical decision making skills to encourage RSOs to prevent any possible future infractions.

The extent and terms of disciplinary action taken by the Student Activities Office (SAO) will depend upon the nature and severity of the infraction as well as any history of previous violations. Student organizations must be in “good standing” to maintain their registration status.

Good Standing

A student organization will be considered in good standing if, for the past 12 months, the organization has complied with all University policies and procedures including those outlined in the Student Organization Handbook. Policy and procedure violations, registered status, unpaid debts, probation status and adjudicated complaints against an organization will be considered in determining good standing.

Infractions

Types of Disciplinary Infractions

Alcohol Infractions: Alcohol permits violations, possession without permission, and damage as a result of alcohol consumption.

Behavior Problems: Disruption of individuals or groups, failure to respond to requests by facility staff, bad manners, instigating negative behaviors.

Debt and Payment Violations: Failure to make timely payments or payment arrangements for reservations, facility, or other services.
**Policy Violations**: Failure to follow University policies and procedures. Examples include: event staff procedures, setup policies, posting violations, excessive noise, and email/web account misuse. Violations of the Student Conduct Code WAC 478-120.

**Property Damage & Vandalism**: Damage to facility or property as a result of careless behavior or intentional misuse of property.

**Types of Disciplinary Sanctions**

**Warning**: Formal notice of violation and reprimand. Organization receives a formal notice of violation in writing by SAO. The organization must take action regarding the warning immediately. Continued similar misconduct will result in one of the more severe sanctions.

**Probation**: The minimum duration of probation is one full quarter. Notification of violation may result in the loss of some privileges such as use of facilities, use of office space, or applying for ASUW/GPSS funding. As a condition of probation a student organization may be required to complete additional sanctions during the probation period such as:

1. Organization members may be required to attend a special training or orientation regarding their violation or behavioral action.
2. Individual group leaders and or members will be responsible for payment of the damages caused by the organization or their sponsored guests.
3. Individual group leaders and or members will be responsible for payment of the group’s debt through University collections.
4. An organization may be banned from using campus facilities/services or other student organization benefits on campus for a minimum of one quarter and maximum of one year.
5. The entire organization may have to complete a determined community service project.
6. The organization may lose all benefits of their registration status.
7. Any combination of the above sanctions.

**Suspension**: The minimum duration of suspension is one full quarter. As a result of serious, intentional or repeated violation, registration status and all privileges of registration may be revoked. All student organization privileges of registered status are revoked.

An organization which has had its registration revoked may apply for reinstatement after the term of suspension is completed. Petitions for reinstatement are to be submitted to the Assistant Director of Student Activities in HUB 232.

All student organizations applying for reinstatement must be able to demonstrate that they have appropriately dealt with the problems which led to revocation and that they are in all other normal procedures, currently eligible for student organization status.
Organizational Debt

Accounts 30 days overdue: SAO will send a letter of warning to the student organization giving the organization and its members 30 days to resolve the debt.

Accounts 60 days overdue: Student organizations will be placed on probationary status and will be unable to reserve facilities. Other student organization benefits may also be revoked until the debt is resolved.

Accounts 90 days overdue: Student organization status is suspended for a minimum of one (1) full quarter. Organization is denied all privileges of a registered student organization. After payment is made and verified, a written appeal must be submitted justifying reinstatement after term of suspension is completed.

Disciplinary Process for Alleged Infractions

Disciplinary Process

If the Student Activities Office becomes aware of an alleged violation of the RSO Handbook, the matter will be resolved in the following manner. This process will apply to all cases except those of Organizational Debt which will be adjudicated in the manner outlined above.

1. Assistant Director of Student Activities or designee will investigate the alleged infraction and may gather information from a variety of sources to inform his or her decision to charge an RSO of an alleged violation.
2. If the Assistant Director of Student Activities determines there is enough information to charge an RSO with an alleged violation of the RSO Handbook, the Assistant Director will contact the leaders of the RSO to set up a meeting to discuss the allegations. Notification of the meeting time and place may be done informally or formally.
3. At the initial meeting with the Assistant Director, the RSO will be informed of the information received by SAO and be allowed to comment on that information. The Assistant Director will also inform the RSO of the specific charges and infractions of the RSO Handbook.
4. A preponderance of evidence shall be used as the standard for making decisions; this means is it more likely than not that the violation occurred?
5. If the RSO leadership and the Assistant Director agree that an infraction has occurred, they will work towards an Agreed Settlement in which the RSO takes responsibility for their actions and agrees to the sanctions imposed. This is a negotiated process which allows both parties to find solutions which will promote accountability and good decision-making within the RSO. At the end of the negotiation process each party will sign the Agreed Settlement. A copy will be furnished to the RSO leadership, their advisor, and one will be maintained by the SAO office. Failure to uphold the terms of the
Agreed Settlement will result in reconsideration of the matter and more severe sanctions being imposed.

6. If the RSO leadership and the Assistant Director of Student Activities do not agree that a violation has occurred or cannot reach resolution on appropriate sanctions the matter will be referred to the Student Activities Conduct Board.

7. The Student Activities Conduct Board will consist of two staff members from the HUB and two student leaders from Registered Student Organizations appointed by the Associated Students of the University of Washington (ASUW). The members of this board plus alternates will be selected at the beginning of each academic year.

8. The Student Activities Conduct Board will be chaired by the Director of Community Standards and Student Conduct. The Chair shall conduct the hearing and be a facilitator of due process, but shall be a non-voting member of the Board unless there is a tie.

9. Hearings before the Board will be informal, with the burden of proof falling on the SAO Assistant Director who will present the case for the University.

10. RSO leadership will then present evidence and testimony supporting their assertions. Board members will ask questions of all parties to gain clarity of understanding.

11. Hearings will end with each side making a closing statement outlining desired outcomes of the process.

12. The Board will deliberate and the Chair will inform the RSO leadership and the Assistant Director of Student Activities their findings and conclusions within 5 working days of the hearing.

**Appeal Procedures**

**Appeal Process**

Organizations may appeal disciplinary actions of the Student Activities Conduct Board

1. Student Organization must provide a written rationale for the appeal to the Director of the HUB within fifteen (15) working days following the receipt of the findings and conclusions of the Student Activities Conduct Board. The Director of the HUB may review the record of the Student Activities Conduct Board and materials presented in the appeal.

2. A meeting will be scheduled with the Director of the HUB to review the appeal with the RSO to gain clarity as to the reasons for appeal. The Director may also invite the Chair of the Student Activities Conduct Board to clarify why the RSO was found in violation of the RSO Handbook.

3. Within fifteen (15) working days following this meeting, the appealing organization will be notified in writing of the decision by the Director of the HUB. All decisions of the Director are final.

Email Account Options when Registering a Club

RSOs wishing to create or renew an email/web account must indicate so when submitting their Online Registration. **Two (2) Registered Users (RUs) are required in order to create or renew an email/web account.**
Registered Users (RUs)

- **The Registered Users (RUs)** are the two currently registered students who are assigned to the email/web account during online registration.
- **PLEASE NOTE:** When officers change, the RSO Primary Officer will be prompted to update the RUs.
- The RUs agree to be responsible for the proper use of the account according to UW Tech Policies.
- The RUs will be notified via email with all pertinent account and access information when the account is created, renewed, or updated.
- Only the RUs may contact UW Tech for any troubleshooting or questions.
- Only the RUs are allowed to contact SAO or UW Tech regarding their assigned account.

Email/Web Account and RSO Directory

All RSO email addresses and websites are listed in the RSO Directory in RSO Community. Contact SAO with questions about directory updates.

UW Tech: Email Services Switched to the Cloud

The UW Email service that runs the email portion of an SAO account was shut down on June 30, 2011. All active SAO accounts that have email enabled will be required to choose between UW Google Apps or UW Windows Live for email. Any NEW accounts will need to choose UW Google Apps or UW Windows Live to run email once the account is created.

Quick Facts on Cloud Services for UW Email

- The UW NetID and official UW email address will not change, only the service behind the UW NetID
- Email currently in RSO email accounts should have been moved prior to June 30, 2011

Steps Necessary to Switch Email Services – Currently Active Accounts

1. Decide which service to switch to: UW Google Apps
2. Activate the service (Google or Windows Live) via Manage UW NetID
   [Log in with the RSO NetID, not a personal UW NetID)
3. Update email forwarding to a choice of UW Google Apps
4. Transfer existing email to new service
   Transfer Instructions for UW Google Apps
   Transfer Instructions for UW Windows (Outlook) Live
5. Turn off UW Email Inbox service

UW Tech Policies

Email/Web accounts are governed by existing University, UW-IT, and SAO policies. By establishing an Email/Web Account, RSOs agree to abide by these policies.
Faculty and Staff Involvement

The University supports the principle that it is the responsibility of students, faculty, and administration to work cooperatively for the attainment of the University’s educational goals in the extracurricular, as well as the academic life of the institution. In line with this principle, the University recommends, but does not require, that student organizations involve University faculty or staff as advisers to their organizations. Student organizations are also encouraged to affiliate with related departments. *Students should, however, remain in control of the organization at all times.*

Free Meeting Space

Student organizations are eligible for ONE free meeting for two hours or less per week in small or mid-sized HUB meeting rooms in standard sets.

Requirements

- Request must be received by HUB Event Services at least 3 business days in advance
- Charges apply for equipment, custom sets and/or food service events
- Meetings must be open to campus ONLY and NO fees may be collected

Fundraising

RSOs wishing to hold fundraising activities or sales on campus must demonstrate that the activity itself serves an educational purpose, and that any proceeds either will further the goals of the organization, provide additional programs for the student body or benefit a charitable organization.

Fundraising Guidelines

- The activities must be student-initiated and student controlled.
- The student initiating the fundraising or sales must be one of the five officers or designated representatives of the organization.
- It must be assured that no monetary gain will accrue to individual members of the organization.
• The activity itself must provide a benefit to students at the University of Washington.
• The goals of the event must be appropriate and in accordance with the intention of University policy as stated above.
• A workable plan to monitor cash exchange and disbursement of proceeds must be devised and reviewed.
• For any fundraising or sales activities conducted in the past, the organization must have completed all necessary paperwork and abided by appropriate University policies and procedure.
• If the activity involves working with a charitable organization, a letter of acceptance or acknowledgment of the activity will be required.

There are several ways recognized as fundraising on campus, all designed to help your student organization acquire proceeds as follows:

• Raise funds to cover your expenses such as charging admission to a lecture, event, concert or other type of program or service.
• Raise funds to acquire proceeds to share with a charitable organization.
• Raise funds by selling goods or services to members of the campus community.
• Raise funds by having your event or program be paid for by an off-campus commercial sponsor.
• Raise funds by selling raffle tickets.
• Raise funds by selling non-commercial, prep-packaged food items.

Please Note: Organizations may use funds raised for anything that is consistent with the purpose and goals of the organization. It is suggested that organizations DO NOT use self-generated funds for personal gain.

Examples of Fundraisers

• Items for sale, produced by the organization (candy grams, gift baskets, flower bouquets, bake sales, etc.)
• Items for sale, directly related to the organization’s mission or goals (plant sale by an organization with the mission of promoting green activities)
• Items for sale, directly promoting school spirit (but do not infringe upon University trademark policies)
• Services for sale, in compliance with the
• Admission fee for student programs/events (benefit dinner, talent competition, etc.)
• Pre-packaged items (candy, gum)
• Resale of items (Silent Auction, “Garage” sale) donated to the organization

Approval Process for Fundraisers

1. RSO Officer: Complete the Fundraising Information Worksheet.
2. **RSO Officer**: Meet with SAO Adviser at least two weeks in advance before the fundraiser to review the fundraising proposal along with relevant University policies and procedures.

3. **SAO Adviser**: Will issue Student Organization Sales and Fund Raising Permit requiring approval signatures from facility/area manager, SAO Adviser, and, in some cases, the Assistant Director of Student Activities.

4. If approved, a copy of the signed permit must be at the site of the sale or fund raising activity.

5. **RSO Officer**: After the activity is completed, meet with your SAO adviser and submit a written report with any necessary documentation, as stated on the fund raising permit.

### Charitable Fundraisers

1. Obtain the approval from the Charity. Provide SAO Adviser with an official letter or an email from the Charity that states they approve the event or service your student organization will perform on their behalf.

2. Written or email approval from the UW facility manager. And in some cases, the facility manager’s signature must be included on your fundraising form.

3. Submit event budget and expenditure estimates to the SAO Adviser.

4. Ticket sellers from the HUB Ticket Crew may need to be hired for this event. The HUB Ticket Crew is paid to professionally monitor and collect the funds for the event on behalf of your RSO.

5. At least two RSO members must be present to monitor fundraising activities at all times.

6. After the event, provide the SAO Adviser copies of bank-deposit slips showing fundraising activity revenues.

7. After the event, provide the SAO Adviser with a copy of a receipt or statement from charity acknowledging gift.

8. Schedule an evaluation meeting with your SAO advisor following your fundraiser. TBA

### Raffles

Raffles are strictly regulated in the state of Washington under the Washington State Gambling Act. Only certain charitable or nonprofit organizations can conduct raffles without first obtaining a gambling license.

RSOs may conduct raffles on campus only if the organization qualifies and its proposed raffle follows specified requirements. Please note that one of the officers of the organization planning to hold a raffle on campus must meet with an adviser in the Student Activities Office at least three weeks prior to starting the raffle. As raffles are considered a form of fundraising, they would fall under the same procedure and regulations as stated above under fundraising.

### Food Sales
1. The sale of food not commercially prepared and wrapped requires clearance from the Environmental Health and Safety Office, 201 Hall Health Center, 206-543-9510. See Table of Contents, “Serving Food on Campus.”
2. RSOs planning to sell items are responsible for obtaining the appropriate city and state businesses licenses and pay state tax (contact the Seattle Department of Licensing and Consumer Affairs, 206-684-8484).

**Alcohol Industry Co-Sponsorships**

Any student organization accepting gifts or funds from alcoholic beverage distributors or producers for organization activities must receive approval from the Use of University Facilities Committee.

**Handbill Distribution**

**Distribution of Handbills, Leaflets, and Similar Materials**

Non-commercial handbills, leaflets, and similar materials may be distributed by regularly enrolled students, and by University personnel in public areas of the HUB, and in meeting rooms that have been reserved for their use, so long as such distribution does not materially or substantially interfere with the conduct of University functions or the freedom of movement.

Signs, posters, and leaflets may be posted only on designated campus bulletin boards, which have been provided for such purposes. It is the responsibility of the sponsoring organization to remove any promotional materials the day after the event. Any maintenance expense incurred by the University may be billed to the responsible organization.

Non-commercial materials for distribution to student organizations may be placed in SAO student organization mailboxes after approval by the Assistant Director of Student Activities. Materials placed in SAO mailboxes must be distributed by a student, student organization, or other campus entity, and bear identification of the sponsoring individual or entity. Political materials may not be distributed through RSO mailboxes located in SAO.

To promote robust dialog, the HUB encourages, but does not require, distributors of handbills, leaflets, and similar materials to include contact information on the material distributed.
Hazing

The University of Washington prohibits student organizations and their members from engaging individually or collectively in hazing activities. Hazing is defined as any activity that includes one or more of the characteristics described below:

- Activities that expose personal values to compromise or ridicule.
- Activities that abuse the trust an organization is striving to build between its members and prospective members.
- Stunts which have no meaningful relationship to the objectives of the organization.
- Activities that humiliate or subject individuals to circumstances with which they are not comfortable, or of which they are fearful.
- Activities which are illegal or violate University policy.
- Activities which interfere with academic pursuits or normal life functions.

Some examples of prohibited activities are forced swallowing of uncommon substances, forced consumption of alcohol or drugs, excessive exercise, and sleep or sensory deprivation.

Questions or complaints regarding hazing may be referred to the Office of the Vice Provost for Student Life, the Associate Director of Student Life, or the Office of the Ombud.

Student organizations whose members participate in hazing activities will be subject to appropriate University disciplinary action.

HUB RSO Office Space

Office Space Assignment Committee (OSAC)

Registered Student Organizations (RSOs) exist to enrich both the campus community and a student’s experience at the University. To support student organizations, The Husky Union Building (HUB) allocates space for use by these organizations, allowing them to conduct their affairs in an accessible and central location on campus.

Husky Union Building office space is allocated to officially Registered Student Organizations (RSOs) that meet specified criteria. There is considerable demand for the free student organization office spaces in the HUB. The number of offices that are assigned to student organizations is limited and the demand exceeds the supply. RSOs interested in applying for office space must meet all criteria and deadlines to be considered. When office space is assigned to a group, RSO members must abide by all University and HUB procedures and policies to retain and maintain the office space.

**Membership and Affiliations**

**Membership and Affiliations**

Persons not associated with the University may be involved in student organizations at the University of Washington as long as they are associate members (without vote and ability to hold office), and University of Washington students are in the majority and retain control of the organization. Individuals in the community who are associate members can be an asset to the student organization in areas such as fundraising, networking with other groups, and program planning.

Many student organizations are affiliated with off-campus local, regional, national or international organizations. If the student organization is a “chapter” of an affiliate organization, the Student Activities Office will need a copy of the affiliate’s constitution on file to assure that the operation of the affiliate organization and its chapters are not in conflict with University of Washington policy.
Club Sports Membership

**Autumn, Winter and Spring Quarter Club Sports**

Membership is open to the following:

A. **Students** – All University of Washington (Seattle campus) regularly admitted and currently registered students who have a valid student Husky Card and not declared ineligible through disciplinary sanctions. Students must be 16 years of age or older to participate in club activities. *Please note the difference with SAO registered clubs.*

**Please Note:** University of Washington Extension and Branch Campus students (Tacoma & Bothell), students of the ASUW’s Experimental College, UW Alumni Association members, and the general public are not eligible for membership.

**Please also note** that certain Leagues or National Governing Bodies with which our teams are affiliated, may have additional eligibility regulations that prohibit participation from members attending Branch/Extension campuses.

B. **Faculty/Staff** – All University of Washington faculty and staff must purchase an IMA quarterly or annual membership prior to participation. [Exception: members of clubs that use the Waterfront Activities Center (WAC) only pay the WAC facility use fee (Kayak, Rowing)].

**Note:** See eligibility below for faculty/staff clarification on a competitive team.

C. **Spouses/Registered Same Sex Domestic Partners** – Can only participate in the same club as their partner upon purchase of an IMA Membership. [Exception: members of clubs that use the Waterfront Activities Center (WAC) only pay the WAC facility use fee (Kayak, Rowing)].

**Summer Quarter**

Students with a valid summer Husky Card. Students enrolled spring quarter and not during summer quarter, may participate upon purchase of an IMA Student Summer Membership. Exception: activities at the WAC.

**Non-University Speakers**

The following are excerpts from the University policy governing the appearance of non-University speakers sponsored by student organization(s):

- As an institution of higher learning devoted to the search for truth in a democratic society, the University is dedicated to the maintenance and expression of a spirit of free inquiry. For its students, accordingly, it promotes the development of an atmosphere of
open exchange, and of conditions conducive to critical evaluation of divergent points of view.

- The University also recognizes and accepts a responsibility to ensure that such inquiry is conducted in a manner which furthers the educational objectives of the institution; namely, the open-minded, objective evaluation and dissemination of knowledge.
- Student organizations officially registered at the University may therefore invite speakers to the campus to address their own membership and other interested students and staff providing suitable space is available and there is no interference with the regularly scheduled programs of the University. The appearance of such speakers on campus implies neither approval nor disapproval of them or their viewpoints by the University. In the case of speakers who are candidates for political office, equal opportunities shall be available to opposing candidates if desired by them. Speakers are subject to the normal considerations for law and order and to the specific limitations imposed by the state constitution.
- In order to ensure an atmosphere of open exchange and to ensure that the educational objectives of the University are not obscured, the President, in the case attended by extreme emotional feeling, may prescribe conditions for the conduct of the meeting, such as requiring permission for comments and questions from the floor. Likewise, the President may encourage the appearance of one or more additional speakers at the meeting so that other points of view may be expressed.
- The President shall prescribe the length of time and form of notice required prior to the holding of all meetings to be addressed by outside speakers and may designate representatives to recommend conditions for the conduct of particular meetings.

Off-Campus Involvement

Persons not associated with the University may be involved in student organizations at the University of Washington as long as they are associate members (without vote and ability to hold office), and University of Washington students are in the majority and retain control of the organization. Individuals in the community who are associate members can be an asset to the student organization in areas such as fundraising, networking with other groups, and program planning.

Many student organizations are affiliated with off-campus local, regional, national or international organizations. If the student organization is a “chapter” of an affiliate organization, the Student Activities Office will need a copy of the affiliate’s constitution on file to assure that the operation of the affiliate organization and its chapters are not in conflict with University of Washington policy.

In accordance with Use of University Facilities policy (WAC 478.136.101), University facilities may not be used for private or commercial purposes such as sales, advertising, or promotional activities unless they serve an educational purpose. Therefore, student groups may not register
with the Student Activities Office if they intend to sell, distribute, market or advertise goods or services on behalf of any off-campus commercial entity or affiliate. Student organizations that are set up as “chapters” on campus can benefit from their affiliates, but they should remain under student control.

**Org Membership & Officers**

The functioning of registered student organizations shall be confined to and controlled by their active (voting) membership. The active (voting) membership shall be limited to regularly enrolled University of Washington students. **Please Note:** University of Washington Extension, UW-Tacoma, and UW-Bothell students and students of the ASUW’s Experimental College are not considered currently enrolled UW students and are not eligible to participate.

The number of University of Washington student members shall always exceed the number of non-student members at meetings and programs not open to the general public.

Between quarters, membership is construed to mean the membership of the previous quarter. Summer quarter is considered a regular quarter.

The inclusion of non-student members of the University community in the activities of student organizations may benefit both the organization and the campus. It should not, however, lessen the ability of students to make organizational decisions and determine the direction of their organization.

Each registered student organization has the right to select and expel its own members in accordance with the organization’s constitution and applicable University policies and procedures, and is accountable for actions of members representing the organization.

Organization officers or representatives are individually responsible for ensuring all active members meet University, as well as organization, requirements.

A student organization which restricts membership on the basis of race, color, religion, age, sex, national origin, handicap, sexual orientation, or status as Disabled Veteran, or Vietnam era veteran, shall not be allowed registered student organization status. An exception is made for fraternities and sororities to be single sex organizations per the implementing regulations of Title IX of the Education Amendments of 1972.

Recognition

The University of Washington recognizes that self-governing student organizations can and do contribute to the educational, social and recreational and personal development of its students.

The University further recognizes that students should be free to organize and participate in voluntary associations of their own choosing, subject to University policies and ensuring that such associations are neither discriminatory in their treatment of other members of the academic community nor operate in a manner which interferes with the rights of others.

The University does not sponsor or accept responsibility for these voluntary student organizations. Voluntary student organizations that register with the University may, however, use certain University facilities on a space available basis consistent with University rules and regulations.

Returning RSOs: RSOs registered through RSO Community as of the last school year (2014-2015) requires at least one officer to sign up and attend an RSO Registration Session in order to re-register.

Inactive RSOs: RSOs not registered through SAO for one academic year or more, requires an officer to sign up and attend an RSO Registration Session and register the RSO as a “new” RSO.
Registration Requirements

Requirements for Registered Status

The following requirements must be met in order for student organizations to register at the University of Washington through the Student Activities Office:

1. The stated purpose of the student organization must be consistent with the mission of the University and the organization must primarily serve the needs and interests of the students at the University of Washington.

2. The organization must be initiated and controlled by University of Washington students.

3. The active (voting) membership and officers or recognized representatives of the organization must be students who are regularly enrolled at the UW. Between quarters, membership is construed to mean the membership of the previous quarter. Summer Quarter is considered a regular quarter. University of Washington Extension, Branch Campus students and students of the ASUW Experimental College are not considered currently enrolled UW students and are not eligible to be active (voting) members.

4. The number of University of Washington student members shall always exceed the number of non-student members at meetings and programs not open to the general public.

5. **Naming a Student Organization:** As registered student organizations are not part of the University of Washington, organizations may not use the University of Washington at the beginning of their organization name or “...of the University of Washington” at the end of their organization name. You may use “at the University of Washington” or “UW Chapter” at the end of your organization’s name if your organization is affiliated with a national or regional organization.

   **Correct Examples:** Sailing Club at the University of Washington; Chess Club, University of Washington Chapter.

   **Incorrect Examples:** University of Washington Debate Society; Commuter Students of the University of Washington.

   **You may not use the term “University of Washington”** at the beginning of your organization’s name or “of the University of Washington,” in your organization’s advertising or other materials.

6. A student organization which restricts membership on the basis of race, color, religion, age, sex, national origin, handicap, sexual orientation, or status as Disabled Veteran, or Vietnam era veteran, shall not be allowed registered student organization status. An exception is made for fraternities and sororities to be single sex organizations per the implementing regulations of Title IX of the Education Amendments of 1972.

7. In accordance with Use of University Facilities policy (WAC 478.136.101), university facilities may not be used for private or commercial purposes such as sales, advertising, or promotional activities unless they serve an educational purpose. Therefore, student
groups may not register with the SAO if they intend to sell, distribute, market or advertise goods or services on behalf of any off-campus commercial entity or affiliate.

Responsibilities of Registered Status

1. A registered student organization is responsible for conducting its affairs in a manner consistent with applicable University rules and regulations and will be held accountable for the action and behavior of its members or guests at on-campus activities.
2. Each student organization and/or its officers or designated representatives shall anticipate, provide for, and promptly meet its legitimate financial obligations.
3. It is the responsibility of the membership and particularly the officers of student organizations to familiarize themselves with the contents of the RSO Policy Guide. Since officers and members of registered student organizations are responsible for knowing and following University of Washington rules, regulations and policies, it is important that the information in this Policy Guide be passed along to new officers as they are selected.
4. The officers of a student organization shall promptly notify the Student Activities Office of any changes in the organization’s officers or representatives, addresses, or constitution. Failure to notify the Student Activities Office of such changes will affect the degree of service that can be provided to student organizations and its members.
5. The University of Washington does not act as legal agent for registered student organizations and expressly disclaims any responsibility or liability for any damages of student organizations and their representatives including, but not limited to, financial obligations, contractual or otherwise.
6. In accordance with Use of University Facilities policy (WAC 478.136.101), university facilities may not be used for private or commercial purposes such as sales, advertising, or promotional activities unless they serve an educational purpose. Therefore, student groups may not register with the Student Activities Office if they intend to sell, distribute, market or advertise goods or services on behalf of any off-campus commercial entity or affiliate.

Risk and Liability

Some RSO events/activities, both on and off-campus, may involve potential for risk. A review of current case law suggests that, in addition to the student organization as a group, individual members and officers may incur some liability in the event of a claim. RSOs, particularly those involved in potentially hazardous activities, are encouraged to investigate the purchase of liability insurance for their club’s activities.
Activities taking place on campus will be evaluated on a case-by-case basis, and RSOs may be required to purchase liability insurance if it is determined that a campus event involves some degree of risk or liability.

**STAR Contributions**

*Voluntary Contributions Through STAR (Student Registration and Accounts System)*

**Introduction**

The Board of Regents has authorized use of the automated registration and student accounts system by registered student organizations to collect voluntary contributions from students, provided they satisfy specified criteria. The first opportunity for new organizations to use the systems for the purpose of collecting voluntary contributions was the 1994 winter quarter. The University will bear none of the expenses relating to the modifications, so costs thereof will be borne either by the qualifying organizations or, if deemed appropriate by their respective decision-making processes, by the ASUW and/or GPSS.
Registered student organizations, which are allowed to use the systems, will pay the costs of collecting their fees, which is currently 7.5 percent of all moneys received.

Criteria

Registered student organizations which sponsor programs that are ongoing, campus-based and related to the educational mission of the University may use the automated student registration and accounts systems to collect voluntary contributions from students, provide they satisfy the criteria presented below.

Registered student organizations must present evidence of broad-based student support of their endeavors by obtaining signatures from a minimum of 15 percent of enrolled students – based on the autumn quarter enrollment of the academic year in which the organizations begins to collect signatures – and securing an affirmative vote of a simple majority of participation in an ASUW election.

1. Petition forms for obtaining signatures must be in the format of the sample available at the Student Activities Office, HUB 232. Any change in petition format requires prior approval from the Director of Student Activities and Union Facilities.
2. Petitions must be submitted to the Student Activities Office no later than March 1, allowing time for validation of signatures by the Registrar and printing of the ballot for the ASUW election in the spring quarter.
3. 1. If approved in the ASUW election, the student group must send a letter to the Office of the Vice President for Student Life requesting they be placed on the system.

Once a registered student organization has been granted access to the systems, it must satisfy a number of requirements to retain that status.

1. Attain a three-year annual average of 10 percent financial support by registered students,
2. Every four years obtain a favorable vote by a majority of students voting in a regularly scheduled ASUW election,
3. Submit an annual report of its activities to the Vice President for Student Life, and
4. Receive annual approval from the Vice President for Student Affairs based on its compliance with the provisions of a standard agreement (copies of which are available from the Director of HUB or the Assistant Director of Student Activities, HUB 232.

Summary of Important Dates

Verification of final number of registered students fall quarter 10th week – day of Fall Quarter
10th week of Fall Quarter Deadline for submission of petitions to Vice President for Student Life March 1
ASUW Elections 7th week of Spring Quarter
Letter requesting access to/retention on STAR  Last day of Spring Quarter

Added to STAR system

It is strongly recommended that any group wishing to gain access to STAR to collect voluntary contributions should first meet with the Assistant Director of Student Activities to review the entire process.

Tax IDs

An Employer Identification Number (EIN), also known as a Federal Tax Identification Number, is issued by the Internal Revenue Service and is used to identify a business entity or organization. RSOs will be asked to provide an EIN most commonly when opening a bank account.

The Student Activities Office strongly encourages all RSOs with an EIN to save any documentation from the Internal Revenue Service regarding their EIN and to share that information accordingly among their officers, especially when officers transition.

Off-Campus Banking

Each bank has varying requirements for opening or updating bank account information. SAO can provide a letter of verification for your organization that confirms that your organization is currently registered and identifies officers who registered your organization. This letter can be used to open an account or update signature authorization on an existing account. Contact the ADSA in SAO to request a letter on behalf of your RSO.

Non-Profit Status

Note: Non-profit or Not-for-Profit status requires being registered with the State of Washington. Additionally, Non-Profits in WA state may also be required to register separately with the Charities Programs if they fundraise from the public. Donations made to an RSO are NOT tax-deductible for the donor under non-profit status.

Tax-Exempt Status

Note: RSOs are legally independent and autonomous from the University and therefore do not have access to the University’s tax-exempt status.
Trademarks & Licensing

Use of University Logos, Images and Insignias

The University of Washington, like most universities, monitors and regulates the use of its name, logo, images and insignias on items such as T-shirts, novelty items, correspondence, and other emblematic materials. All such variances of names and visual representations are considered UW trademarks, for which approval from the Trademarks and Licensing Office must be obtained.

Procedures for Campus Use

When ordering products bearing the University’s name, logos, and/or any verbal or graphic representation, which in any way implies affiliation with the University, procedures for Campus Use must be followed. All products produced utilizing the marks of the University must be manufactured by a licensee. Merchandise produced for resale (even for sale at cost) may require a royalty rate for use. If you give items away and the student organization pays the expense, the organization can request a royalty waiver by filling out a Campus Use Request form found on the Trademarks and Licensing Office website at www.huskylogos.com.

The Trademarks and Licensing Office will review the request to determine whether or not to waive the royalty. Some examples of internal trademark use include:

- T-shirts imprinted with the name of a student group or campus department.
- Novelty items imprinted with the University’s name and sold at a special function as a fundraiser.
- UW emblematic items produced as gifts for business associates, sponsors, or friends of the University.

Those wishing to use University trademarks must use a manufacturer who is authorized to produce emblematic merchandise to:

- Ensure that sales of any items bearing the University’s trademarks generate funds to support vital campus programs.
- Ensure adequate protection of the University’s image and intellectual property rights.
- Limit the risk to the University.

Please Note: The Trademarks and Licensing Office cannot approve an application for Campus Use until a licensed manufacturer has been established. If the manufacturer you have indicated on your Campus Use Request does not have a license to produce UW emblematic merchandise, the Trademarks and Licensing Office will invite you to choose a different manufacturer who holds a license, or your preferred manufacturer may request an application for licensing.

Student Activities Office Assistance
SAO advisers can assist RSOs in regard to University trademark questions and issues. SAO advisers can also provide on-campus promotional ideas for RSOs to maximize exposure on campus and help develop plans to enhance faculty, staff and student involvement in RSO activities.

Use of University Facilities

UUF Approval for RSOs/ASUW/GPSS Events

The Use of University Facilities Committee (UUFC) must review and approve all RSO/ASUW/GPSS events held in a UW facility, and:

- are open to the general public or invited off-campus guests.
- are held outdoors and require amplification or have potential to conflict with routine activities on campus (such as organized group runs or bike races).
- are partisan political activities in nature – regarding ballot proposition and/or candidates who have filed for public office.
- for private or commercial purposes such as sales, advertising or promotional activities.
- at the venue’s discretion.

SAO Sponsorship Guidelines

Under certain circumstances, RSOs/ASUW/GPSS may receive UUF sponsorship from SAO for activities and events that are advertised and open to the general public and meet other UUF criteria. Sponsorships will be considered by SAO in accordance with the following guidelines:

- RSOs and student governments must solely be responsible for the proposed activities.
- There must be a demonstrated student interest in and support for each proposed activities. Support by students may be measured by the commitment of their financial resources, their participation in its planning and production, the degree to which on-campus advertising is emphasized, and the sale of tickets to students in advance of any sale to others.
- Additional consideration may be given to the past record of a group who has conducted similar events, including the number of ticket sales to students.
- Public attendance at events and the revenues derived there from are to be incidental to their conduct and funding, and must not be regarded as offsetting or obscuring the absence of support by University students.
- Proposed activities must be planned with the assistance of an adviser in the Student Activities Office and comply with all relevant state and University policies and procedures including, but not limited to, those of health, safety, risk management,
security and financial considerations. The collection and disbursement of revenues must adhere to state and University control procedures.

- Consistent with established rental and other fee schedules, the University must be reimbursed fully for the cost of its participation in each event.
