Critical Thinking Answers

Enter your answers to the 4 Critical Thinking elements in the Rubric. You can add extra pages if you like (e.g., 1 page per answer):

1. Statement of Purpose (including intended audience and objectives).
2. What is unique/original about this site?
3. What steps did you take to impact viewer learning?
4. How did creating this site impact you as creator(s)?

Here you plan to tell us what you want to say about yourself; e.g., interests, what you want to study, if you volunteer, etc. It's your place to shine.

Also, plan to tell us what challenges you might have faced while creating this entry as well as how you solved those challenges if possible; e.g., getting the team to work together; not enough computers, not enough time, etc.
