

A desert landscape with unique rock formations under a sunset sky. The scene is dominated by warm, golden-brown and red tones. In the foreground, there are dark, cracked earth formations. In the middle ground, a prominent rock formation features a natural archway. To the right, a large, layered rock wall rises steeply. In the background, more desert rock formations are visible against a sky with soft, glowing clouds.

**TRIO TRAINING FOR  
UPWARD BOUND STAFF  
ARIZONA GOLF RESORT  
MESA, AZ — DEC. 4-5, 2009**

Training on record keeping, program evaluation and reporting student and program performance (APR). There will be discussions on the new regulations and the Higher Education Opportunity Act. It's a hands-on training where you can get started on developing a procedures manual.
