

# Upward Bound Program

## UB Summer 2002

We had a very successful Upward Bound Academic Program this summer. Students attended classes from 8AM to 3:30PM, beginning each day with a Psychology Lecture. This Summer, we were fortunate to have Professor Brown teach for us, who also conducts Psychology Courses for the University of Washington. Following Lecture, students attended classes in Math, Language Arts, Science, College Prep, Technology and

Latin.

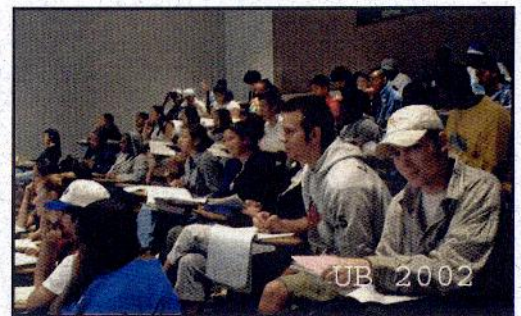

Each course offered a variety of academic activities from genetic sequencing, astronomy and exploring "fantasy" literature, to lessons in web site design and college applications.

Once again, students worked very hard in each of their classes and we want to congratulate all of them on their efforts!

### Students Build Computers!

We are happy to report that 32 students finished building their very own computers in Spring! UB provided all the funding and materials for this hands on project, and with Dave Wolczyk's and Byron MacKenzie's instruction, all went well. Students took their computers home, and are now able to utilize the Pentiums they built for school this Fall.

Psychology Lecture Class on University Campus

### Who Are the U.W. Upward Bound Students?

*UB Students are college potential students who are the first in their families to go to college or low-income, but most are both. The following lists are students in UW UB.*

#### CLEVELAND

- Allen, Shaonta
- Cabiao, Terrence
- Evans, Ivy
- Henderson, Aysia
- Lieu, Phong
- Natavio, Disney
- Roberson, Tanisha
- Baluran, Dexter
- Burks, De' Antonio
- Jones, Victor
- Liu, Brian
- Thomas, David
- Thomas, Darren
- Evangelista, Kristine
- Giang, Linda
- Mai, Hoang (Oscar)
- Medina, Victoria
- Peria, May
- Saeteurn, Sandy
- Tse, Wendy
- Ueda, Yoshiko

#### NATHAN HALE

- Gil, Stephanie
- Huang, Amy
- Huynh, Sindy
- Kim, Nicole
- Bash, Daniel
- Felsman, Ashley
- Geiger, Thomas
- Mitchell-Walker, Luther
- Payne, Tier
- Sears, Raphael
- Tran, Loc
- Unigovsky, Boris
- Varona, Martin
- Ambaw, Semon
- Brooks, Julianne
- Duggins, Romell
- Gallaher, Brandon
- Glenn, Gloriann
- Hall, Donesha
- Huynh, Duc
- Le, David
- Ramirez, Emmy
- Wilson, Charli

#### HIGHLINE

- Asfaw, Alula

#### FRANKLIN

- Cabrilo, Roseann
- Ibrahim, Anisa
- Johnson, Tiffany
- White, Domonique
- Buren, Jeremy
- Darden, Rushawn
- Hicks, Gloria
- Jones, Jon-Arthur
- Jordan, Amber
- O'Neil, Joseph
- Rezene, Meron
- Shankar, Preetika
- Singsoykeo, Sisouvanh
- Smoots, Dyon
- Valencia, Chloe
- Verzosa, Justin
- Boyd, Jessica
- Handley, Choclit'
- Hua, Willin
- Kifle, Atalo
- Lau, Mei Ying
- Lim, Heing
- Ma, Curtis
- Philakham, Jeffrey
- Souriyadeth, Amanda
- Tang, Loann

# PSAT SAT Workshops, Academic Classes & Pizza!

## PSAT/SAT Workshop 9/28 & 10/5

It's that time again! Juniors and Seniors should mark their calendars for the upcoming PSAT/SAT workshops. Besides the featured pizza, we will have lots of tips and tactics on acing that PSAT or SAT Test! Each workshop will be one-half day each, so watch your mail for schedule details.

Instructors Donna Bolima, Andrew West, Lou Burrus.

## AFTER SCHOOL Intermediate Web Design Class

UB will offer an Intermediate Web Design class taught by our in-house technology guru Dave Wolczyk. Students will learn how to use various web design programs such as Photo Shop, Flash, Dream Weaver and more. This class is a must for those looking into a technology career or even if you'd like to dink around and make your own personal web site! Flyers will be mailed with the PSAT/SAT class info.

## Senior Project Class

Cleveland is offering a Senior Project Class this year. This class is designed to help seniors receive individualized help completing their projects from start to finish. Seniors will also be able to work on their college application tasks during this class.

## SAT Class for Juniors

All juniors will be required to take the UB SAT class in their schools Junior year (2nd Semester Hale & Franklin, 3rd Trimester Cleveland. These classes will help you improve your SAT scores anywhere from 50-200 points in math and/or verbal! Andrew West and Donna Bolima will be team teaching this course. If by chance your score is above average (above 50 for PSAT verbal and math) then you can apply for the Princeton Review workshops which offers UB scholarships for a \$900.00 workshop. Again, they only accept students whose scores are above average and spots are limited.

## Senior Counseling

Fina is in all of the schools every week to meet with Seniors or to help any student with academic needs. She is in Cleveland Monday (SAC room), Hale Tuesday (Library), Franklin Friday (room off Counseling Office). She is there to help—see her if needed!

# Math/Science Students Complete their Programs! Congrats!

This summer eight Upward Bound Students were accepted into various Math/Science and Academic Programs out of State. Application for these programs is competitive and a student who is admitted, is required to commit to a challenging academic schedule on the university campus for summer.

These programs also give each student a sense of what it is like to live in a university environment, and provide access to campus instructors, tutors and resources. Every year Upward Bound Students apply to out of state programs. Please congratulate the following students who completed their Summer Programs out of state.

Left to right: Linda Giang, Idaho University MS; Wendy Tse, Phillip Exeter; Sandy Saeteurn, Monterey Penn MS; Jessica Boyd, Dillard; Jeff Philakham, Idaho University MS; Atalo Kifle, Idaho University MS; Gloria Hicks, Dillard; Tier Payne, Florida A&M MS

## Misc. Student Comments....

Jeff Philakham says the best things he remembered at UBMS. were:

- 1.) the Ropes Course in Whitman County, WA
- 2.) the Selway River water rafting trip
- 3.) The Plate Tectonics and Geology trip to the 7 Devils Mountains in western Idaho
- 4.) Glacier National Park
- 5.) Yellowstone National Park
- 6.) college visits to Montana Tech, Montana State, and the U. of Montana

Jessica Boyd relayed that her experience at Dillard was one of the most challenging of her life. She said there was an essay due every day and that she did nothing but homework most of the time. Jessica also came away with an Academic Award from Dillard over the summer. Great job Jessica!

Linda says that she forged many new friendships and much enjoyed the many academic challenges and hands on field trips that tied in to many of the class projects. Yellow Stone Park was a great place to explore and study.

# Summer Technology Classes

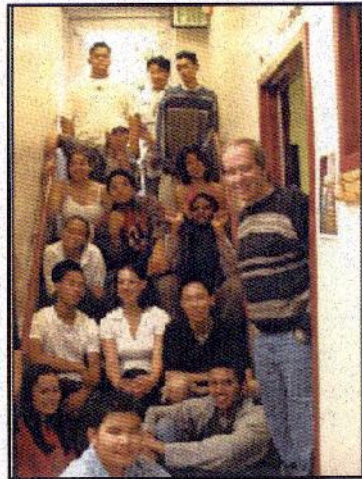

## ONLINE MAGAZINE CLASS

This summer Upward Bound continued to offer both the Online Magazine Class and the Trio Thinkquest Technology Classes. The Online Magazine Class proved to be a huge success with each section creating many more complex web pages than previous years. Please view the Upward Bound Student generated Magazine on the web at:

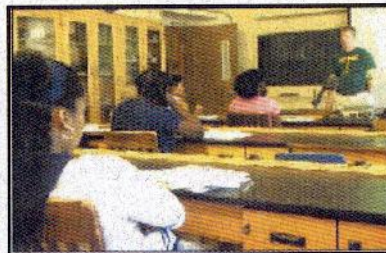

<http://depts.washington.edu/uboma>

## SCIENCE/MATH CLASSES

Many of the math and science Classes also utilized technology in their courses such as for genetic sequencing and other lab experiments. The Math Classes also used technology for various math problem solving exercises and statistics.

Math Students doing a Field Experiment

Science Class exploring the UW Research Labs

Fun with Food: Bite of Seattle

## UW TRIO ThinkQuest Students are Semi-Finalists!

Once again our students created very stunning Web Sites for this year's National Trio ThinkQuest Competition. Students spent six weeks (even on weekends and after school) researching, writing and creating educational sites using Dream Weaver, Flash and other interactive applications. Please take time to see the student work at the addresses listed below and give students feedback on their work. The Final National Web Competition winners will be announced in October. Great Web Projects!

# Senior Trip to San Francisco 2002

This summer UB Seniors went to San Francisco for their Senior College Orientation and Prep. After a few hours of sightseeing each day, students settled in for various college prep activities to prepare for senior college applications, SAT registration and one on one academic counseling. Although both students and staff returned exhausted by the third day, everyone had a great time with windy San Francisco and it's sights!

**UW UB REGULAR YEARLY STAFF:**

Leny Valerio-Buford, *Director* Donna Bolima, *Instructor/Staff*  
Fina Marino, *Counselor* Dave Wolczyk, *Instructor/Staff*

TO:

**College Prep Reminder**

Some students do not remember that they need two years of the same foreign language to apply to a four-year college. Be conscious of your college requirements and realize that graduation requirements from high school are different than those you need to apply for college. Contact Fina to keep on track before registering for classes and/or if you have academic concerns. You don't want to end up short when you hit college application! If you play it smart, you can finish requirements early!

**4 Yr College Bound Requirements:**

- 2-3 years of the same Foreign Language
- 4 years Language Arts
- 3 years Math (Algebra & above)
- 3 years Social Sci. (with Amer Gov)
- 2 years Science (with 1yr Lab Science)
- .5 Electives & .5 Fine Arts
- 60 Hrs Community Service
- Have read 20 books (UB books count)
- Senior Project (Varies at each school)
- GPA of at least 3.0 and above

\*(.50 credit counts for 1/2 year)

**Fina's Schedule:**  
Clev-Mon/Sac Hale-Tues/Lib  
Frank-Fri/Room 206A

**Random Summer Pics!**
