Center Update

illuminating Autism Benefit Dinner Rescheduled

Our benefit dinner, originally scheduled for October 15, 2016, was rescheduled due to the venue losing power from a windstorm that came through that evening. We are excited to announce that the new date for our first annual benefit dinner will be January 28, 2017 at 6:00 PM at the Seattle Yacht Club! It will be an engaging evening featuring auction items, lightning talks, and dinner. Tickets that were purchased for the original date will be honored. If you were not able to attend the first date, you have a second chance to join us! **We hope to see you there!**

Training Update

Upcoming Training Workshops:

ADOS-2 Advanced Research Workshop 2-Day Series

When: January 18 & 19, 2017 starting at 9:00 am

Where: UW Campus, Portage Bay Building

What: The ADOS-2 Advanced Research Workshop is intended for professionals who want to further their clinical competence with the ADOS-2 and/or work towards establishing research levels of reliability on the administration and coding standards.

For more information and to register, go [here](#).

Research Update

The UWAC now has a tooth fairy on staff! We are partnering with researchers across the US using baby teeth to examine early development in autism.

Check it out [here](#)!

Research Update

SEATTLE SYMPHONY

Seattle Symphony Sensory Friendly Concerts: The Three Little Pigs

When: Saturday, November 12, 2016 & Sunday, November 13, 2016 (multiple times)

Where: Soundbridge at Benaroya Hall

Seattle Symphony musicians and Board-Certified Music Therapist Michael Lauckner bring to life this familiar children's story, alongside other short chamber works. Participatory group songs will highlight "greeting others" as a social skill. The concert experience includes instrument exploration before or after the show, a meet-and-greet with the featured musicians, and a 35-minute performance.
