**1 Hamamelis species**  
**Witch hazels**  
Small deciduous trees with spider like, fragrant flowers in shades of yellow, orange and red

**2 WITT WINTER GARDEN**  
Seattle's best display of winter-interest plants. Bright berries, colorful bark, and fragrant winter flowers abound

**3 WOODLAND GARDEN**  
Fall and winter-flowing stream connecting the upper and lower ponds. Rockwork was laid out in 1938. Early spring blooms and delicate branching of Japanese maples. One of the oldest parts of the Arboretum

**4 Acer griseum**  
**Paperbark maples**  
Small deciduous trees with dramatically peeling, cinnamon colored bark

**5 RHODODENDRON GLEN**  
Seasonal stream cascades among naturalistic rockwork through mature woodland

**6 Camellia species and cultivars**  
Broadleaf evergreen shrubs with large and showy flowers of red, pink and white

**7 Stewartia pseudocamellia and Stewartia monadelpha**  
**Stewartia**  
Small deciduous trees with peeling, dramatic multicolored bark

**8 Grevillea victoriae**  
**Royal grevillea**  
Medium sized evergreen shrubs with red-orange tubular flowers that bloom from autumn through March. Loved by hummingbirds

**9 Corylopsis species**  
**Winter hazels**  
Pendant cream and yellow flowers with a light fragrance

**10 Ribes sanguineum**  
**Red-flowering currant**  
Medium sized deciduous shrubs with hanging flowers in reddish-pink, light pink or white

**11 NEW ZEALAND FOREST**  
Small-leaved broadleaf evergreens of dramatic form against sweeps of grasses over 2.5 acres

**12 JAPANESE GARDEN**  
Authentic, formal 2.5 acre garden admission fee collected

**13 THE PINETUM**  
**Conifers**  
Evergreen and deciduous conifer species from around the world

**14 FOSTER ISLAND and ARBORETUM WATERFRONT TRAIL**  
Collections of oaks, birches and pines, and access to waterfront trail connecting to the Montlake neighborhood and main UW Campus
