Washington Park Arboretum

**NOVEMBER HIGHLIGHTS**

- **Graham Visitors Center**
  - *Cotoneaster species*
    - Broadleaf deciduous and evergreen shrubs with clusters of red and orange fruits
  - *Arbutus unedo*
    - Strawberry tree
    - Large broadleaf evergreen shrub, white urn shaped flowers at the same time as strawberry-like orange and red fruit

- **Woodland Garden**
  - *Acer palmatum, Acer japonicum*
    - Japanese maples and other woodland trees & shrubs
    - The best place in Seattle to view a layered display of autumn color—brilliant shades of red, orange and yellow against an evergreen backdrop
  - *Franklinia alatamaha*
    - Franklin tree
    - Large deciduous shrub with white, camellia-like flowers, red fall leaves

- **Acer species and cultivars**
  - *Asiatic maples*
    - Small deciduous trees with beautiful fall color, part of the National Collection
  - *Brian Mulligan Sorbus Collection*
    - *Mountain Ash/Whitebeam/Rowan*
    - Small deciduous trees with abundant red, orange, pink, yellow or white fruit
  - *Metasequoia glyptostroboides*
    - *Dawn redwood*
    - Large deciduous conifers with gold fall color. These are some of the largest in the United States

- **Camellia sasanqua and cultivars**
  - Broadleaf evergreen shrubs with large flowers of white, pink and red

- **Stewartia pseudocamellia and Stewartia monadelpha**
  - *Stewartia Stewartia*
    - Small deciduous trees with vibrant red fall color and colorful bark

- **Japanese Garden**
  - Beautiful fall colors and peaceful water features, admission fee collected

- **Ilex Collection**
  - *Hollies*
    - Broadleaf evergreen or deciduous trees and shrubs, with bright colored berries. Part of the National Collection

- **The Pinetum**
  - Conifers
    - Evergreen conifer species from around the world, ½ mile interpretive trail

- **Azalea Way**
  - The Arboretum’s iconic feature and Olmsted centerpiece. A 3/4 mile long promenade of fall color through the heart of the Arboretum

- **Quercus species**
  - *Oak collection*
    - Majestic deciduous shade trees and smaller evergreen species, part of the National Collection
