Graham Visitors Center
Cotoneaster species
Broadleaf deciduous and evergreen shrubs with clusters of red and orange fruits

Arbutus unedo
Strawberry tree
Large broadleaf evergreen shrub, white urn shaped flowers at the same time as strawberry-like orange and red fruit

Woodland Garden
Acer palmatum, Acer japonicum
Japanese maples and other woodland trees, shrubs and groundcovers
The best place in Seattle to view a layered display of autumn color—brilliant shades of red, orange and yellow against an evergreen backdrop

Acer species and cultivars
Asiatic maples
Small deciduous trees with beautiful fall color, part of the National Collection

Brian Mulligan Sorbus Collection
Mountain Ash/Whitebeam/Rowan
Small deciduous trees with abundant red, orange, pink, yellow or white fruit and good fall color

Metasequoia glyptostroboides
Dawn redwood
Large deciduous conifers with gold fall color. These are some of the largest in the United States

Camellia sasanqua and cultivars
Broadleaf evergreen shrubs with large flowers of white, pink and red

Stewartia pseudocamellia and Stewartia monadelpha
Stewartia
Small deciduous trees with vibrant red fall color and colorful bark

Hamamelidaceae Family
Witch hazels and relatives
Large shrubs to small trees, good fall color ranging from yellow to red

Ilex Collection
Hollies
Broadleaf evergreen or deciduous trees and shrubs, with bright colored berries. Part of the National Collection

The Pinetum
Conifers
Evergreen conifer species from around the world, ½ mile interpretive trail

Azalea Way
The Arboretum’s iconic feature and Olmsted centerpiece. A ¾ mile long promenade of fall color

Quercus species
Oak collection
Majestic deciduous shade trees and smaller evergreen species, part of the National Collection
