S4 _____ (PHISO5) HOW MANY EPISODES WERE COUNTED AS THRESHOLD "SUICIDE ATTEMPT/INTENTIONAL SELF-INJURY"? (Answer at end of interview)

Use this horizontal dateline to note suicide attempts or intentional self-injury episodes, in chronological order. Start in the lower right corner, on the first line, and move from right to left. Make a short vertical mark for each suicide attempt/intentional self-harm. Next to the mark, write the date of the episode, the method and if the subject received medical treatment as a result. Circle any events that the subjects describe as suicide attempts. Any further details should be written in the body of the interview.
