

Call for Applications

HUM 498 A&B (12 credits)
June 24-August 23, 2013

2013 Summer Institute in the Arts & Humanities

OUTBREAK! Reimagining Death and Life, Disease and Health

The **Summer Institute in the Arts & Humanities** selects and supports **twenty UW undergraduates** (Seattle, Bothell, & Tacoma) to engage in intensive research projects under the guidance of four interdisciplinary faculty on the UW Seattle campus.

Students selected to participate in the Summer Institute in the Arts & Humanities:

- engage in intensive scholarly work under the guidance of four faculty;
- are named Mary Gates Scholars and receive a \$4,000 scholarship to help defray costs of participation;
- earn 12 academic credits over terms A & B of Summer Quarter (are eligible to receive financial aid if applicable); and
- present their final projects in the Summer Institute Symposium

This year's Institute will explore **how we understand, interpret and represent disease 'outbreaks.'** Outbreak stories and their associated images, maps, and movies tend to have a predictable structure that make disease threats appear external and foreign, obscuring the more complex connections between populations. **Students will develop original research projects that re-depict or re-tell the story of a particular outbreak in ways that challenge traditional borders of life and death, health and disease, security and danger.** Research products might take diverse forms, including essays, art, maps, multimedia exhibits, or a zine.

For more information on the Institute theme and how you can be a part of this unique summer undergraduate research experience, visit our website or contact URP (below).

2013 Teaching Team:

Luke Bergmann, Assistant Professor, Geography, lrb9@uw.edu

María Elena García, Associate Professor, Comparative History of Ideas and Jackson School of International Studies, meg71@uw.edu

Celia Lowe, Associate Professor, Anthropology, lowe@uw.edu

Matthew Sparke, Professor, Geography, Jackson School of International Studies, and Global Health, sparke@uw.edu

Application Due: Friday, March 22nd @ 5pm

See: exp.uw.edu/urp/sinst
