Exhibit and Sponsorship Opportunities

The organizers of the inaugural Human Right to Family Planning Conference cordially invite you to participate in HR2FP 2015 from October 9-11, 2015 at the University of Washington School of Law in Seattle. HR2FP 2015 will be occurring just after the World Congress meeting of the International Federation of Gynecology and Obstetrics (FIGO) in nearby Vancouver, Canada. This will be a prime opportunity for networking and showcasing your technologies, innovative ideas, and practice standards to a diverse, international audience of academicians, advocates, practitioners, and students in public/global health, medicine and law, NGOs and donor institutions. We anticipate close to 200 participants who are passionate about sexual, reproductive and women’s health issues, and we encourage you to consider sponsoring, exhibiting and participating in HR2FP 2015.

The Human Right to Family Planning Conference 2015
October 9-11, 2015
Seattle, WA USA

Overview

Millions of women die prematurely and suffer long-term health and social consequences because they experience unintended pregnancy due to lack of access to family planning information, services, and commodities. Many of these women do not have the freedom or opportunity to choose the timing and spacing of their pregnancies. Our conference is the first to be sponsored by a U.S. university in collaboration with civil society actors. It will explore the relationship between the right to health and family planning and its application to improving universal access—globally and locally. The conference will provide an opportunity for professionals from different stakeholder disciplines and professional practice backgrounds to:

1) Exchange ideas and lessons learned.
2) Discuss future, collaborative research and initiatives.
3) Begin to develop advocacy efforts that must take place globally—including in the US—for women’s rights to be respected, protected and fulfilled.
