

Production Report
October 16, 2009

Rehearsals/Performances: Tech rehearsals begin Monday for *The Tempest*, 7pm in the Jones Playhouse. *Salvador Dali* rehearsals continue in the Penthouse.

Scenery: A lot of work still to be done on *The Tempest* before tech on Monday.

Costumes: from Josie:

"*Tempest* - We will be ready for Monday. Crew met last night. They seem great. There are very few notes on the rack and finishing work is moving along. I expect notes all next week through opening.
Dali - cutters meeting went well. There is a sizable build and I have some concerns that might need a little more attention from the designer. Budget is right on.
Shop - costume sale this weekend. The Daily is running a story on scary makeup and our Jenn Hill is featured. Happy Boss's day to all our bosses. Go Huskies."

Lights: Seetoo will be lighting over *Tempest* rehearsal tonight and tomorrow.

Meetings: Production Meeting for *Salvador Dali* next Friday at 2:30pm in Hutchinson 154. Val and the *Judas* design team is doing a phone meeting tomorrow, they have been communicating online.
