

MENHEALING
Inspiring Hope, Changing Lives

H.O.M.E.

Healing Outreach to Men Everywhere

WHAT IT IS

H.O.M.E. is an invitation to men who have experienced sexual harm to **come home to themselves** and **home to the community** of men who share this history.

154 pages of beautifully illustrated, highly accessible & interactive content in e-book format.

21 videos and audio files included.

1,000,000 incarcerated individuals reached, in 46 U.S. states, with this free-of-charge resource.

WHY WE DID IT

We began this initiative in 2021 after an alumnus from the Weekends of Recovery inspired us to provide educational and healing resources **for the large population of incarcerated men living with an unprocessed history of sexual assault.**

DISCOVER THE
POWER OF HEALING
IN COMMUNITY

GOALS OF H.O.M.E.

📖 **Provide information, insight, and hope** for healing to some of our most vulnerable citizens.

📖 **Create the e-book as a passable course** for incarcerated men to provide credit toward early release or application to probation.

+ **Expand awareness** of the impact of sexual assault on boys & men by providing purchasable print and online H.O.M.E. versions.

📖 **Develop a second edition of H.O.M.E.** to share with service providers of male survivors for learning and training purposes.
